SELECTMEN'S REPORT.

THE Selectmen of Milton herewith present the forty-sixth annual report of the expenditures, for the financial year ending Feb. 1, 1883.

It has been our endeavor to present the expenditures under their appropriate heads, and so divided and arranged that each outlay may readily be seen.

SCHOOLS.

The education of our children and care of school buildings are under the management of the School Committee, whose report will be submitted to the citizens.

HIGHWAYS.

Our roads continue under the charge of the Road Commission, whose report we would call to your favorable consideration, as this department is second in importance to the town's welfare. Every measure looking to its improvement should receive the hearty indorsement of the community.

The continuous line of street lamps upon Adams Street were presented by our public-spirited townsmen, H. P. Kidder, Esq., and Col. O. W. Peabody, and may the light thus cast upon our ways cause others to follow in their footsteps, so that ere long it can be said Milton has no ways that are dark.

FIRE DEPARTMENT.

No appropriation for this department having been made at the annual meeting, we have taken the responsibility of continuing it in an efficient condition.

An alarm system has been established in the several sections of

the town, and a bell procured, in accordance with the vote passed at the last annual meeting.

The chemical engine has proved all that was claimed for it, and our engineers feel satisfied that it was a good investment for the town.

POLICE.

The several night watch have been continued during the past year, and the sections thus patrolled have felt a security justifying the expenditure therefor.

Upon Sundays and holidays special services have been performed in various parts of the town. Owing to the large number of transients who visit our town, upon petition of many of our citizens a day officer has been appointed on Adams Street, this being a great thoroughfare.

POOR.

The inmates of our house are enjoying comforts that every citizen of the town should feel thankful they were able to bestow upon those who were less fortunate than themselves.

During the past season an addition has been made to the house, furnishing a large kitchen, wash-room, milk-room, and pantry on the lower floor, and three chambers above; also, an extension to the rooms of the female occupants, so that they now have ample room. Other improvements in the inside arrangement have been made. A piazza has been built in front of the house, giving it a finish that must be appreciated by all interested in this institution.

It became evident that it would be an injudicious expenditure if any amount was spent upon the old barn, so we decided upon building a new stable on a better site; so that now we have a building containing a horse stable, section for cows, carriage-room, harness-room, and work-shop, together with ample storage for hay, etc. Also a fine cellar under the same, with a cistern of ample capacity for daily use or in case of fire.

The small house and tramp-house have both been put in thorough repair. In the construction of the above we have exceeded the appropriation made, but feel that thoughtful citizens will indorse our action after they have made a personal examination of the premises.

SUITS AGAINST TOWN.

Three actions for highway damages were brought against the town, and tried before the Superior Court, at the September term, for alleged defect upon Highland Street, with damages laid for several thousand dollars. We felt that not only was it for the interest of the town to defend, but, also, in the interest of every town in the Commonwealth, to contest these suits for excessive damages, where, in point of fact, there was no act of negligence on the part of our officials. After due trial these cases were decided in favor of the town.

TAXES.

In the assessment of taxes we were obliged to raise thirty-three per cent more for State tax than last year; still our endeavor has been to lay the burden where it would bear the lightest, and aim to keep the rate as low as possible to meet our running expenses.

J. WALTER BRADLEE.

JOHN H. BURT.

OTIS S. GODFREY.

ROAD COMMISSIONERS' REPORT.

THE expenditures for the current year upon the highways have been nearly as follows : —

Mattapan Street	\$2,000 00
East Milton	1,500 00
Care of Granite Bridge	225 00
Street lamps	2,225 00
Horses, carts, harness, etc.	1,500 00
Snow, February, 1882	1,469 30
	<hr/>
	\$8,919 30

And for the general care of the roads, including
salary of Superintendent, about \$7,000 00

The outlays most worthy of mention are as follows : —

The excessive cost of clearing the roads of snow, in February, 1882, has led us to the adoption of a system of local care, much more efficient and economical for the town.

We have built, on Mattapan Street, one third of a mile of stone road, which, with other improvements, will cost about \$2,000.

At East Milton we have put in a trench, one thousand feet long and four feet deep, laid a four-inch pipe the whole length, filled the trench with stone, re-made the road and gravelled it, at a cost of about \$1,500.

On Randolph Avenue a trench four hundred feet long and four feet deep has been put in, a three-inch pipe laid, and the trench stoned, at a cost of about \$500.

We have expended on

Road-scraper	\$150 00
Water-cart	250 00
One two-horse cart and harnesses	250 00
Three horses	850 00
	<hr/>
	\$1,500 00

Considerable expense of a permanent character was involved in work about the Associates' Hall, and in gravelling and rolling the Hayward Hill, near Paul's Bridge, and on the road beyond Mr. George Vose's, on Randolph Avenue.

The dryness of the early summer made it necessary to pick the stones very frequently.

The purchase of the gravel pits, mentioned in our last report, was made by the town, and will prove a valuable addition to the facilities for building and repairing.

The largest expense not contemplated in the appropriation for the year has been the repairs upon Granite Bridge. When the city of Boston notified us of the dangerous condition of the bridge, and of their intention to close the road for repairs, we had an examination made; and, as the report was that our side was unsafe, we concluded that it was wise to take advantage of the city's closing the road to put it in order. This was therefore thoroughly and permanently done, although it still leaves the upper pier in an unsatisfactory condition.

Regarding the suggestion of plank walks in our last report, we have found so little general interest in the idea that we have not thought it wise to make any expenditure from that appropriation.

Regarding the work for the coming year, of a permanent character, we would advise a special appropriation of \$5,000 for making the Granite Bridge road a stone road through the marshes, in case Quincy will co-operate. No other road in town is now in so bad condition, or has so much heavy teaming upon it. It would be greatly to the credit of the town to put it in good, permanent condition; and would probably, in the long run, be much better

economy than the constant and almost useless patch-work heretofore done.

The upper pier needs thorough repairing, as it is badly rotted, and will soon become dangerous for vessels. This will require an outlay of about \$1,000.

This road, with two short pieces on Mattapan Street, completes the most important stone roads necessary for the town at present; but a steady system of improvements, by draining, gravelling, watering, and rolling, should be kept up, until all our main roads are in much better condition to stand the changes of seasons than they now are; and we have no doubt that the ultimate result will be greatly to the satisfaction of the town, both in comfort and economy.

The new road from Central Avenue to the Lower Mills has progressed as favorably as the lateness of the season in beginning would allow, and the work has been superintended by Messrs. Whitman and Breck. It is not probable that the appropriation will be exceeded, so far as its amount was expected to cover. We should, however, recommend an appropriation of \$1,500 for a more than usually perfect system of fencing and drainage, made advisable by its exposed position and the springy nature of the land.

The condition of the drainage of Milton Hill should be a subject of immediate consideration of the Board of Health. It is now very unsatisfactory, and will probably lead to contagious diseases if not attended to thoroughly. We advise that this be referred to the Board of Health and Road Commissioners, with full powers.

Our attention has been called to the many encroachments upon the boundary lines of our turnpikes, and the most casual examination shows the necessity of an early action on the part of the town. As the legal limitations will before long take from the town some of its rights upon these roads, we have thought it our duty to bring the matter before the citizens for their consideration. We recommend the appointment of a committee of three to examine and report upon this at the next annual meeting.

Regarding the articles referred to the committee last year, we concluded that the culvert on Williams Avenue is inexpedient at present, as it would involve very extensive and expensive altera-

tions not now required by the traffic. The question of changing the grade of Great Hill we propose to take up as soon as the more pressing requirements of the roads are attended to.

We are of the opinion that a steam roller and crusher would be greatly to the advantage of the town, but prefer to leave the subject to the judgment of the meeting after discussion. The expense would probably be \$10,000 for the machinery and building.

We recommend an appropriation of \$15,000 for highways for 1883, and the following specific appropriations: For the Granite Bridge road, \$5,000, in case Quincy co-operates; for the upper pier of Granite Bridge, \$1,000; for the new road, \$1,500.

O. W. PEABODY,

J. LITTLEFIELD,

G. K. GANNETT,

Road Commissioners.

REPORT

OF

TRUSTEES OF MILTON CEMETERY.

THE Trustees of the cemetery beg leave to report to the town that the appropriation of the year has enabled them to accomplish a great amount of work.

As ordered by a vote of the town, all inscriptions on the ancient stones up to the year eighteen hundred have been deepened in cases where they began to be illegible. The stones broken have been fastened together by iron dowels or clamps, so as to present a neat appearance, and yet preserve their antiquity. In this work great pains have been taken to retain, as far as possible, the ancient appearance of these memorial tablets of our fathers. In only two cases has it been found necessary to substitute new stones in place of those wholly beyond restoration.

The Trustees, at great labor, have prepared for printing a pamphlet containing the proprietors of all lots in the cemetery, the owners of all tombs, and, as far as possible, the memorial of those deposited therein, — the ancient inscriptions on all stones prior to and including A. D. 1800, — besides all facts respecting the cemetery that can be gleaned from our ancient records, or can be relied on from tradition, as well as information needful respecting the present condition and management of the grounds. The design has been to furnish an exhaustive statement respecting these hallowed grounds, gathered from the past and brought down to the present time.

This pamphlet will be furnished to all proprietors of lots and tombs, as well as to any citizen who may consider it of value, by application to the town clerk, to the Trustees of the cemetery, or to those in charge at the cemetery.

A long stretch of Centennial Avenue, around the Memorial Lot, eighteen feet wide, underlaid with two feet of stones, has been built, and twenty-five yards of paths, all ballasted with stones. A range of eleven lots has been trenched and finished, and others are ready to grade.

In the southeast part of the grounds the oval tract of land laid out for single graves, and for charitable purposes, has received much attention and labor.

The outside range, extending around the oval and divided by paths into four sections, is designed for single graves.

The inside range, also divided by paths into four sections, is appropriated to those who cannot provide a final resting place for themselves.

The central part of the oval is an ornamental lot.

On this ornamental lot the Trustees are about to place, as a fitting embellishment to this beautiful section of our grounds, the statue of an angel.

This is the munificent gift of our fellow-citizen, Mr. Henry P. Kidder.

The statue is of white Italian marble. It stands on a square pedestal of blue marble, each face of which is panelled with white marble of exquisite design and of the finest workmanship. This is supported by a plinth of granite; the whole rising to about ten feet in height.

The ground designed for memorial services or funerals has been completed during the year.

In the progress of the work the Trustees have found it necessary to make some changes in the paths, and to incorporate in the land set off for memorial services a few of the burial lots. These can, at any time, be restored to their original purpose, should circumstances so require, or the town so order.

Sixteen rods of stone wall have been laid, completing the line of wall on our eastern boundary.

Work on the pond was commenced as early as the water abated, and has been prosecuted through the season. The excavation of more than one half of the area has been successfully completed. A coffer-dam was erected at the close of the season to admit the

commencement of work on the remainder early in the next summer.

Great labor has been expended on the stone-work of the avenue around the pond.

The Trustees tender the hearty thanks of the town to Mr. H. P. Kidder for the costly and beautiful monument donated by him.

For the completion of the pond an appropriation of \$1,000 is recommended; and for the general and progressive work of the cemetery an appropriation of \$3,000.

Respectfully submitted,

O. W. PEABODY.

S. A. BURT.

A. K. TEELE.

A. L. HOLLINGSWORTH.

J. WALTER BRADLEE.

REPORT

OF

TRUSTEES OF PUBLIC LIBRARY.

ALL the benefits anticipated from our new accommodations have been fully realized. The library is large, airy, and inviting; comfortable in summer, and well warmed and ventilated in winter. The walls and ceilings are beautifully colored, and, with pictures and suitable furnishings, the whole effect is most pleasing.

This new order of things adds greatly to the comfort and satisfaction of those who have charge of the enterprise, and who are especially interested in the convenient and proper arrangement of the books.

The advantages, also, of a large and quiet reading-room are fully appreciated by the greatly increasing number of readers. Here all have easy access to a choice collection of reference books, periodicals, and magazines.

Several illustrated works, which, by reason of their high price, are generally confined to larger libraries, by the liberality of one of our citizens have been placed upon our shelves, and are made easily accessible to all readers.

During the year an effort has been made by the superintendent and teachers of our schools to use the library in aid of the prescribed course of studies, by suggesting and selecting books to be read, and aiding pupils in the intelligent perusal of them.

Special facilities are also granted to those who are pursuing any particular branch of study. In such cases a larger number of books may be drawn under special regulations.

The transportation of books to and from East Milton, for the benefit of the people there, has worked well and has been continued.

The number of books added to the library within the last year has been three hundred and ten, not as many as for some years past, but, the other expenses being greater this year than formerly, on account of the change from the old to the new library, the amount left for books was, of course, smaller than ever. However, the new rooms have given so much satisfaction and enjoyment to those of our towns-people who have frequented them that it can hardly be said they have been losers by this extra outlay.

The number of books taken during the year has been rather larger than usual, a slight increase being noticed within the last three months. The plan of opening the library on Wednesday mornings for the better accommodation of residents living at a distance has been tried since April last; very few, however, have availed themselves of the extra opportunity for obtaining books.

We are still indebted to the publishers of the *Musical Herald*, and *Dedham Transcript*, who have kindly furnished the library with their publications for three or four years past. Mr. John M. Forbes has given a copy of the new edition of Mr. R. B. Forbes's "Personal Reminiscences." The book "Peruvian Antiquities," which is published in numbers, is continued by Mr. H. P. Kidder, to whom the library already owes so much; and the *American Art Review* is also given again this year by Mr. A. Hem-enway.

To these gentlemen the Trustees proffer the sincere thanks of the town.

The usual bulletin of books added during the year has been issued, and will be distributed to citizens.

Respectfully submitted,

A. K. TEELE,
For the Trustees.

ENGINEERS' REPORT.

MILTON, Feb. 1, 1883.

TO THE BOARD OF SELECTMEN :

Gentlemen,—The Board of Engineers herewith submit a brief report upon the condition of the Fire Department for the year ending this date, and also a list of fires and alarms which have occurred during the year.

The number of men now in service is eighty-five, and are attached to the different companies as follows, viz. :—

Hydrant Engine No. 1, 50 men ; J. F. Lord, foreman ; W. A. Smith, assistant foreman. Granite Hook and Ladder Company, 25 men ; G. F. Choate, foreman ; Ed. Eaton, assistant foreman. 90's Hose Company, 4 men ; under the charge of Engineer Chapman. Chemical Engine Company No. 1, 6 men ; W. H. Sias, foreman ; Fred. Sanford, assistant foreman.

The rolling stock and hose of the department remain the same as last reported, and are in good condition, as are also the buildings, with the exception of the engine-house at East Milton, which is in need of repairs, but in our opinion it would not be advisable to expend more money on this ancient structure.

The department has been called out ten times the past year, four alarms for fires in town, and six for fires in neighboring towns. They occurred as follows :—

March 17, house of Mrs. Joseph Beals ; March 18, chimney-fire at Frank Kelley's ; April 4, alarm from Box 351, Boston ; April 17, fire in woods, near school-house, Mattapan ; April 19, fire at West Quincy, Mrs. Ricker's barns ; May 2, fire at West Quincy, J. Cashman's house ; June 2, alarm from Box 37, fire at Mr. Brown's house, Randolph Avenue ; August 29, fire at West Quincy, Mrs. Doble's house ; January 3, alarm from Box 43, Wendemuth Block.

As will be seen from the above, the town has been extremely fortunate in regard to fires the past year, having had but four within its limits, and these, thanks to the promptness of the department and aid of citizens, were easily extinguished. The loss in all will not exceed \$400.

The adoption of the fire-alarm telegraph we consider a step in the right direction, as it is the only sensible and business method of giving an alarm of fire. By its use we can tell almost instantly of the existence of fire and its location. Should one occur in any part of the town where a box is located the fact can be made known by procuring a key and opening the box, pulling down the lever, which sets the clock-work in motion and strikes the number of the box on the bells and gongs in various parts of the town. Keys are always to be found in the hands of responsible persons living near the boxes.

We would recommend the appropriation of \$2,500 for the current expenses for the ensuing year. Would also renew our recommendations of previous years in regard to the purchase of more hose for the Lower Mills, as the supply now on hand is entirely too small in case of a large fire.

Respectfully submitted,

Per order Engineers,

W. S. LEAVITT, *Chief.*

W. B. RANDLETT, *Clerk.*

The Auditors submit to the town the forty-sixth annual report of its affairs for the year ending Feb. 1, 1883.

The books and accounts of the various officers have been examined, vouchers compared and found correct.

Additions and improvements have been made to the almshouse, tramp house, and small house, rendering the establishment equal to any in the vicinity for the purposes for which it is intended.

Respectfully submitted,

PATRICK McDERMOTT.

HENRY A. RICH.

† Terms expire March, 1884.

SELECTMEN'S REPORT.

WE herewith present a detailed report of the receipts and expenditures for eleven months ending Jan. 1, 1884, and invite your careful consideration of the same.

SCHOOLS.

The school expenditures will be found herein. The Committee will submit their printed report in a separate pamphlet.

HIGHWAYS.

The management of all appertaining to the highways continues under charge of the Road Commissioners. The Commissioners, in order to take action on important matters, desired the vacancy upon the board, caused by the death of Mr. Clarke, filled, and Mr Amor L. Hollingsworth was selected for that position.

FIRE DEPARTMENT.

The Selectmen elected Wm. S. Leavitt, John H. Burt, Rufus L. Chapman, Walter B. Randlett, and Wm. H. Sias as Fire Engineers. Your attention is called to their report. The officers and men of the several companies in the department are in an excellent state of discipline, and the buildings and apparatus are in good order.

HEALTH.

The board have devoted some time to the matter of drainage at the Lower Mills Village, which has become a serious annoyance, if not a positive nuisance. The health of the town has been generally good, and the health officer reports the general abatement of nuisances.

POLICE.

The duties of the police have been well discharged during the past year, and the night routes continued. Owing to low fares and our close proximity to the city, a large number of people visit the town on Sundays, requiring a large amount of special service, to protect the peace and property of our citizens.

POOR.

The inmates at the almshouse are enjoying the comforts provided by a benevolent town. The expenditures for outside aid increases. In these cases we felt that temporary aid might obviate an applicant becoming a permanent inmate at the almshouse. In cases of aged persons we dislike to remove them from friends who are willing to partially care for them.

PUBLIC BUILDINGS.

The public buildings are all in good condition. During the year slight repairs have been made. The buildings upon the town farm have been protected by lightning rods.

TAXATION.

Owing to the increase of the State and county tax, the Assessors were obliged to increase the valuation in a uniform scale. The attention of parties owning bank and corporation stock is called to the importance of seeing that it is recorded to them as being residents of Milton, so that the town may receive its just share of that tax, thereby diminishing the direct town tax.

LOCK-UP.

There is a manifest need of a suitable building for the keeping of parties arrested. As it is now, an officer has to procure conveyance and take his prisoner to Quincy for safe-keeping, the town paying the expense. The large number of tramps that visit the almshouse should be cared for elsewhere, and in a building of this kind. The town landing at the Lower Mills offers a suitable location.

During the year death entered our board and removed our associate, Otis S. Godfrey, one whom we honored and respected.

In his decease the town has lost a good citizen and an able and efficient officer.

J. WALTER BRADLEE,

JOHN H. BURT,

*Selectmen, Assessors, Overseers of the Poor, and
Board of Health.*

REPORT OF THE COMMITTEE APPOINTED TO CONSIDER THE QUESTION OF THE DRAINAGE OF THE LOWER MILLS.

At the last annual meeting, a committee consisting of the Selectmen and the Road Commissioners was appointed to consider and act upon the question of the drainage of the Lower Mills.

After careful examination of the localities and necessities of the case, we have to report that, in our opinion, the territory requires that sewerage, as well as ordinary drainage, is essential to make that thickly settled area wholesome; and as this is rendered more than usually expensive by the distance to an outlet, and the difficulties of reaching it, we have thought best to submit the matter again to the town, with the estimate of the cost furnished by Messrs. Whitman and Breck, after a survey of the premises.

WHITMAN AND BRECK'S APPROXIMATE ESTIMATE OF THE COST OF DRAINAGE AND SEWERS FOR MILTON LOWER MILLS.

720 feet 20 in. by 26 in., egg-shape brick sewer, from river to opening under bridge (removing track and platform not estimated), 720 lineal feet, averaging \$4.75 . . .	\$3,420 00
550 feet 15 in. by 19 in., egg-shape brick sewer, from railroad to Gordon's corner, 550 ft. at \$2.40 . . .	1,320 00
830 feet 12 in. pipe, from end of large sewer under railroad, up High Street to Canton Avenue, at \$1.00 . . .	820 00
5 land-traps at \$100	500 00
Engineering, superintending, and contingencies, 10 per cent	607 00
	<hr/>
	\$6,677 00

We consider the above estimate ample to do the work as proposed.

Respectfully submitted,

(Signed) WHITMAN & BRECK.

(Signed) J. WALTER BRADLEE, } *Selectmen.*
J. H. BURT, }
J. LITTLEFIELD, } *Road Commissioners.*
O. W. PEABODY, }

DISBURSEMENTS

For the Year ending Jan. 1, 1884.

FOR SUPPORT OF SCHOOLS.

HIGH SCHOOL.

ANNUAL REPORT

OF THE

MILTON ROAD COMMISSIONERS,

FOR THE YEAR 1883.

THE expenditures for the current year, upon the highways, have been as follows (the details will be found in the Auditors' Report) : —

Blue Hill Avenue	\$1,200
Canton Avenue	1,500
Mattapan Street,	300
Williams Avenue	700
New culverts	400
Repairs of bridges	800
Sundry permanent repairs	1,300
Lamps	3,000
General care and repairs	4,342
	<hr/>
	\$13,542

We have to lament the loss, to ourselves and the town, of our valued associate, Mr. D. O. Clark, whom it has pleased God to remove from this sphere of usefulness and honorable devotion to the best interests of the community. May his unostentatious goodness, his high standard of public and private honor, his willingness to devote his time and energies to the best interests of his fellow-townsmen, stimulate us all to follow his example, in the hope of the respect and kindly regard of all who know us.

The proportion of the annual expense that has gone for permanent improvements, for the past year, is quite satisfactory, the amount being about \$6,000 out of the expenditure of \$13,542.

In regard to the special appropriations, we have thoroughly repaired and greatly improved the piers of Granite Bridge, so that nothing more will be required, probably, for many years. This has cost \$998.21, as against the special appropriation of \$1,000.

We undertook the improvements absolutely demanded by the bad condition of the Granite Bridge road, and greatly improved it from Squantum Street to the Quincy line, on the marshes; but, owing to some uncertainty in regard to the action of the frost on the stone road across the first marsh, concluded to delay doing anything more until that piece should have had a thorough trial. As the vote directed, we requested the co-operation of the county commissioners, but obtained nothing. The town of Quincy has started to put her part in order. We would recommend that, as the appropriation of \$5,000 last year (of which we expended \$1,574.50) expires with the year, it should be made \$4,000. Special appropriation for rebuilding and fencing the Granite Bridge road for 1884, as in case our present work stands well, we ought to go on and finish it, and, if it does not, we shall not expend the money.

The new road from Central Avenue to the Lower Mills station has been completed, and is a useful one; in this case it was necessary to exceed the appropriation about \$300.

We wish to call the attention of the citizens particularly to the subject of repairing the roads with stone. Since we began our work, we have made several pieces of stone road, of a depth of about a foot of stone, and the result can now be fairly enough judged. The worst places on the Randolph turnpike, Mattapan Street, and the Canton road, between the hay scales and Vose's Lane, have been tested, and are reasonably satisfactory as decided improvements. Excepting the Granite Bridge road, it does not seem necessary to build more of these very heavy stone roads at present; but there are a great many places where it is probable that the use of four to six inches of crushed stone, combined with a proper drainage of the road-bed, would be as great an improvement as the former has proved. We are of the opinion that it

would now be wise economy for us to adopt this plan, and recommend the appropriation of money to provide a steam crusher, and the means of proper care of it.

In this connection, we would call your attention to the fact that, as we have previously stated, it will be some time before the economy to the town of these works will be shown in the smaller expense of the annual care of the roads, as they must first be largely made over into a good permanent condition before this result is obtained ; but you will observe that a large part of the annual appropriations since we began have gone into these permanent improvements, and will continue to, whereas under the old system all went to the annual and superficial repairs.

Crushed stone is made up of every variety of form, and presenting angles in every direction, and under the action of a roller and the wheels of heavy teams the pieces are forced together, and packed down like a piece of mosaic, each piece being firmly held by those around it, and the more weight that is put upon it the more solid and firm the surface becomes.

The objection is sometimes raised that repairing roads with crushed stone would for some time leave them rough and uncomfortable to drive over, but this is entirely within control, as it can be obviated by the top dressing.

The great abundance of stone in all parts of our town offers great facilities for using this material. In those parts of the year when work on the roads is suspended, a stock of crushed stone might be provided at different points, where it would be ready for use the following season. This would supply work for a number of people when work is most difficult to obtain, and also for the teams owned by the town.

In order to accomplish this work it would be necessary for the town to own a crusher, with a suitable engine to run it ; the whole, of course, to be portable, so that the material might be prepared at different places, thus saving as much as possible the expense of long cartages.

In this connection we quote from the report of the Superintendent of Roads : —

“ It was often remarked, and more generally felt, that, to make

a stone road you must dig so as to be below the frost, say not less than three feet deep ; otherwise the frost would break up the road-bed, throwing out the stone, and leaving a mass of loose stone to ride over. Out of ten pieces of road built of stone, in no one instance have the stone been disturbed by the frost, but remain firmly fixed as when laid.

"It is found that a given number of loads of stone can be delivered upon the road at less cost than the same number of loads of good gravel ; also that the stone are not only very durable, but make an excellent drainage, making a solid road, the repairs on which are very readily done at small expense.

"As stone is found so valuable for the roads, and there are such great quantities in Milton so easily obtained, and a stone road is doubled in value by having a hard, smooth stone surface, which surface can only be had by having crushed stone to top-dress the road with, is it not a question to be carefully considered, whether a portable crusher would not be a good thing to have ; one that could be moved from one locality to another, thereby giving each portion of the town equal benefit?

"During the past four years about 3,000 feet of drain pipe have been laid, with satisfactory results ; take for instance, Kennedy Hill, Babcock's Hill, Gannett's Hill, as well as the low land on Adams Street. Through all the pipes the water flows freely, keeping the road-bed comparatively dry, showing that drain pipe is valuable for drainage. It is said that water injures the roads more than all the travel."

Also his remarks in regard to some of the special work this year :—

"The continuation of Williams Avenue to Hyde Park has been made at an expense of \$700 ; the road-bed is 25 feet wide ; the sidewalks are 10 feet wide.

"In the spring Blue Hill Avenue was found to be in a deplorable condition, nothing having been done to it for the last ten years. Some of the worst places were thoroughly repaired at a cost of \$1,200.

"Canton Avenue, from School Street to Brook Road, and over Brook Road to the brook, was repaired at a cost of \$1,500."

We recommend the following appropriations for the coming year:—

For the care and repairs of the highways	\$15,000
And a special appropriation for the purchase of a stone crusher, and a building to use with it	4,000
And a special appropriation for Granite Bridge road and fencing	4,000

Respectfully submitted,

J. LITTLEFIELD,

A. L. HOLLINGSWORTH,

O. W. PEABODY,

Commissioners of Roads.

HIGHWAY DEPARTMENT.

FIRE DEPARTMENT.

MILTON, Jan. 1, 1884.

TO THE BOARD OF SELECTMEN :

Gentlemen, — The engineers herewith submit a report upon the condition of the fire department, for the eleven months ending Jan. 1, 1884, with a list of fires and alarms occurring during that time.

There are seventy-nine men now in the service, divided as follows, viz. : —

Hydrant Engine Company, forty-five men ; J. F. Lord, foreman ; Thomas Williams, assistant foreman.

Granite Hook and Ladder Company, twenty-three men ; C. F. A. Gardner, foreman ; John Darby, assistant foreman.

Chemical Engine Company, six men ; William H. Sias, foreman ; Jacob Lincoln, assistant foreman.

Ninety Hose Company, five men, in charge of Engineer Chapman.

The buildings and apparatus of the department remain the same as last reported, and are in good condition, with the exception of the Hydrant Engine House, which needs extensive repairs ; but in our opinion it would be folly to spend another dollar on this building.

As will be seen by the auditors' report, 500 feet of cotton hose have been purchased this year. A large portion of that on hand was not reliable, having been in use about twenty-five years. At present, the department is supplied with 1,900 feet, of which 750 feet is cotton (good), 300 feet linen (fair), 400 feet leather (fair), and 450 feet old leather (unreliable).

One reservoir has been built at the junction of Central Avenue and Ruggles Lane. It is seventeen feet deep, which is four feet below the bed of the brook, from which a pipe is laid large enough,

we believe, to furnish an abundant supply of water for any fire that may occur in that section for some years to come.

Our fire alarm is in perfect order and has proved all that was claimed for it, and its practical workings have overcome all prejudice there may have been when first introduced.

The department, or a portion of it, has been called out fourteen times during the year, thirteen of which were bell alarms and once by telephone. The alarms occurred as follows:—

Feb. 11, 4.45 A. M.; alarm 67; dwelling-house on Pierce Street, East Milton, owned by Richard McKay, occupied by the families of McKay, Hellmund, and Gutro. Loss on building, \$2,000; insured for \$1,300; loss on furniture, \$300. Cause of fire, defective chimney. Department worked four hours.

March 22, 8 P. M., alarm 25. Fire at West Quincy. Department worked two hours.

March 26, 11 A. M., alarm 26. Fire at Wollaston.

April 9, 7 P. M., alarm 26. Fire at Wollaston.

April 18, 8 A. M., alarm 67. Brush fire.

May 21, 11 A. M., alarm 47. Slight fire in Tileston mill.

June 23, 3.30 P. M., alarm 64. Brush and grass near cemetery. Department worked one hour.

Aug. 23, 12.45 P. M., alarm 43. Woods near Godfrey's wharf. Worked one hour.

Sept. 6, 4.50 P. M., alarm 36. Woods and grass on Bayley farm. Department worked two hours.

Sept. 7, 2 A. M., alarm 36. Woods near Geo. Gannett's barn. Department worked three hours.

Sept. 15, 10.35 A. M., alarm 38. Unoccupied dwelling on Canton Avenue. Department worked three hours. Owned by Miss Richardson; cause, incendiary; loss, \$800, insured for \$600.

Dec. 3, 10 A. M., alarm 36. Unoccupied dwelling, owned by P. McIntire; loss, \$500, insured for \$300; cause, unknown.

Dec. 26, 1.30 A. M., alarm 67. Dwelling-house on Railroad Avenue, owned by J. W. Martin and Oren Bates, and occupied by the families of Thos Christy, James Gallagher, and Mrs. Middlemiss; loss on building, \$2,000; insured for \$1,500; loss on furniture, \$200; cause, unknown. Department worked five hours.

Loss for the year	\$5,800 00
Insurance	3,700 00
Net	<u>\$2,100 00</u>

It may be seen by the above that the largest fires have occurred in the East District, where we depend on the old way of subduing them, namely, hand power, which did very well forty years ago, when there was nothing better, but is almost useless to-day. Had there been a steamer in East Milton with the modern appliances for getting to work quickly, a stream of water could have been thrown on both fires in from ten to fifteen minutes; and a large portion of the buildings saved. Believing that the days of usefulness of hand engines is past and that it would be for the best interest of the town, we recommend that a steamer be purchased, to be located at East Milton. Should this be adopted would recommend an appropriation of \$3,000 for the current expenses for the ensuing year.

Respectfully submitted,

W. S. LEAVITT, *Chief.*

W. B. RANDLETT, *Clerk.*

REPORT OF TRUSTEES OF MILTON CEMETERY.

THE development of the cemetery from year to year, not only increases the beauty and fitness of the grounds, but adds, in equal ratio, to the expense in supervision and care.

The finishing of a new piece of work, the opening of new avenues and paths, and of additional lots involve additional expenditure in maintaining such improvements.

The labor of the year has been expended in the general care of the grounds, in the completion of the pond, and in grading and finishing the single-grave plat.

Eighteen lots have been opened and put in order for individuals, and six more are ready for the stones.

The pond is completed. It has been the design of the Trustees to confine the water of the pond within the limits of the cemetery; and for this purpose a deep and wide excavation has been made, to hold a large body of water, and the top of the stone dam at the outlet, according to memoranda taken from year to year, is placed on a level with the bottom of the original pond; thus allowing no back water, except such as always existed.

The pond is fed by springs through the bottom, and also by a copious living spring on the bank, which rarely ceases to flow.

The grading about the pond has been done. Two hundred and eighty squares of soil have been used, or more than three thousand loads. Two hundred and twenty feet of avenue around the pond have been completed.

The single-grave plat, enclosing ground for two hundred and twenty-four graves, is also completed. The lot for charitable purposes, which is sufficient for one hundred and thirty-two graves, has been put in order, and is sown with grass-seed. In this work one hundred and eighty-seven yards of path have been made. The avenue around this plat, which is one hundred and fifty yards in length and sixteen feet wide, is nearly all stoned and gravelled. To bring this avenue to a proper grade, nearly thirty inches of stone in depth were necessary through most of its length. In the various uses of the cemetery, six hundred and fifty feet of drain-pipe have been laid during the year. It is the purpose of the Trustees to prepare, and open for occupancy, portions of our grounds, now unused, as the demands of the town may require. An appropriation of thirty-five hundred dollars is recommended for the ensuing year.

Respectfully submitted,

O. W. PEABODY.

S. A. BURT.

A. K. TEELE.

A. L. HOLLINGSWORTH.

J. WALTER BRADLEE.

JAN. 8, 1884.

REPORT OF TRUSTEES OF PUBLIC LIBRARY.

FOR a statement of the expenditure of the money appropriated to the Public Library during the year the Trustees refer to the treasurer's report herewith submitted.

The interest in the library has in no degree abated, as is manifest from its general use by citizens in all parts of the town.

Our comfortable and inviting reading-room has proved an attraction to many, who, but for this, might pass their leisure moments in a way less profitable.

The number of occupants of the reading-room has been much larger than last year.

The transportation of books to and from East Milton has been continued. This enterprise seems to be a successful one.

The following is the report of Miss Emerson, who is in charge of the room:—

“The reading-room at East Milton was opened in the spring of 1881, and for two years was sustained by private contributions, a committee of ladies and gentlemen giving it such oversight as they could. About \$823 was contributed toward its support in the two years. When the town took it in charge there was about \$75 in the treasury, which was turned over to the subcommittee of the Trustees appointed to take charge.

“During the past year Mr. H. P. Kidder has presented a megalethoscope with about fifty foreign views, also several pictures to hang upon the walls, which add largely to the attractiveness of the room.

“Two dailies, five weeklies, and seven monthlies are taken.

“The free delivery of library books for this part of the town is connected with it, some sixty or seventy books being exchanged weekly; the books are left at the reading-room, and on Wednesday afternoon are taken to the Public Library and are returned Thursday afternoons.

“The same rules and hours (except Saturday morning) are observed as at the library.

“An account has been kept of the number of visitors to the room for reading since Jan. 8 (eight days), and is found to have been eighty-three.

“Mr. Chas. Breck kindly sends a temperance paper to the room every month.”

The work entitled “Egypt, Historical, Descriptive and Picturesque,” by Prof. Ebers, has been given to the library in thirty-six numbers, which, when bound, will be a handsome addition to our valuable books. This donation is from a friend who wishes to remain “unknown.”

Another friend, "unknown," is sending the "Youth's Companion," marked on the margin, "paid to 1885." This friend will surely receive the thanks of younger and older boys and girls for this charming publication.

The "Musical Herald" is still gratuitously furnished.

A large number of unbound "Harper's Magazines" have been given by Miss Sarah Vose, and three old muskets, supposed to be of Revolutionary fame, with which we may adorn the walls of our pleasant reading-room.

A legacy of fifty dollars from the estate of Miss Betsey Tucker has been paid into the treasury of the library.

Three hundred and twelve books have been added during the year. No books have been lost, and nearly all have been returned in good condition.

The Trustees desire to recognize with especial gratitude the bequest to the library above spoken of, from one of our native-born and much respected citizens.

They proffer sincere thanks to friends known and "unknown" who have kindly remembered their important work.

The usual bulletin of books added during the year will be distributed to citizens.

Respectfully submitted,

A. K. TEELE,
For the Trustees.

The Auditors submit to the town the forty-seventh annual report. The report, in accordance with vote passed at last March meeting, contains a statement of receipts and expenditures for eleven months ending Jan. 1, 1884.

The books and accounts of the Selectmen, Treasurer, Collector, Road Commissioners, Trustees of Cemetery and Public Library, have been examined, vouchers compared, and found correct.

In our tour of inspection at the almshouse we were pleased with the order, neatness, and care shown for inmates, and with the general management of the institution.

Respectfully submitted,

PATRICK McDERMOTT,

Auditor.

AUDITORS' REPORT.

THE undersigned, Auditors of the Town of Milton, herewith present for the consideration of the citizens of the town the Forty-Eighth Annual Report.

Besides the information usually given, in some of the departments additional items have been furnished ; among others, in the school department we have given the total expense for tuition, for fuel and care of rooms, for incidental expenses, etc.

We have also had inserted, for the convenience of the citizens, a list of the names of the various thoroughfares throughout the town.

The accounts of the officers of all the various departments have been examined, vouchers in hand, and accurate found.

In pursuance of ancient usage, a day was set apart for an inspection of the almshouse ; chaperoned by the superintendent, whose dignified bearing well becomes the presiding officer of such an institution, we wended our way through the halls and inspected the dormitories therewith connected, and it is but small meed of praise to say that the neatness there shown reflects much credit upon the matron of the institution.

P. McDERMOTT,

H. B. MARTIN,

Auditors.

STREET DIRECTORY, MILTON.

Adams Street, from Bridge at Lower Mills over Milton Hill to Quincy line.

Atherton Street, from Canton Avenue past West School House to Brush Hill Road.

 Vose's Lane, from Centre Street to Brook Road.
 White Street, from Brook Road to Randolph Avenue.
 Willard Street, from Adams Street to Quincy line.
 Williams Avenue, from Blue Hill Avenue to Hyde Park line.

SELECTMEN'S REPORT.

The Selectmen, Assessors, and Overseers of the Poor have attended to their duties during the past year, and report as follows:—

The Selectmen have charge of but few appropriations, and are not able to control the expenditures of the town to any great extent, as the appropriations are in charge of the different officers.

SCHOOLS.

Foremost among the town's interests are its schools. The committee having them in charge will report in the usual form.

HIGHWAYS.

This department, more than any other, has a tendency to attract and cause strangers to locate within the limits of a town whose endeavors are to improve its roads and sidewalks by liberal appropriations and judicious expenditures. Your attention is called to the Commissioners' report.

FIRE DEPARTMENT.

The Board elected William S. Leavitt, John H. Burt, Rufus L. Chapman, Walter B. Randlett, and William H. Sias as engineers. Messrs. Randlett and Sias having resigned, George E. Choate was appointed to fill the vacancy. Their report will be found herein.

POLICE.

The night-watch in the several sections of the town receive the indorsement of the communities therein. Special watch have at intervals and in outside sections been put on duty. Day patrol have been appointed upon petition of citizens.

TAXATION.

Largely increased State and town taxes necessitated an increase

in the rate, our valuation remaining low in comparison with surrounding towns.

POOR.

There has been a slight increase in the number of inmates at the almshouse. The health of this institution has been good, while the surroundings have been such as to promote the well-being of the town's wards. Outside aid has been continued as in times past. The case of Dedham *vs.* Milton having been decided by the Court in favor of Dedham, we have settled the claim.

LOCK-UP.

In accordance with vote of the town a lock-up has been constructed of brick, upon the Town Landing at the Lower Mills, which is nearly ready for occupancy. It contains a room for officers; tramp-room, together with six cells for prisoners.

SEWER.

A brick sewer has been constructed from the foot of Milton Hill to the O. C. R. R., and thence along a portion of said railroad track. The company continuing it past their depot to the rear end of Hon. N. F. Safford's estate, from which it will have to be constructed to the river, as indicated by the report of the Committee on Drainage in their report of last year.

J. WALTER BRADLEE.

JOHN H. BURT.

ALBERT A. BRACKETT.

ANNUAL REPORT

OF THE

MILTON ROAD COMMISSIONERS,

FOR THE YEAR 1884.

THE expenses for the current year upon highways have been as follows (the details will be found in the Auditors' Report): —

General appropriation	\$15,000 00
Balance in the hands of commission from last year	201 68
Receipts	22 00
	<hr/>
	\$15,223 68

There has been expended for

Permanent repairs and general care	\$7,382 76
Mattapan Street	1,300 00
Brush Hill Road	1,000 00
Milton Hill	1,200 00
Street lamps	3,689 24
	<hr/>
	14,572 00
	<hr/>
	\$651 68

Special appropriations were made during the year as follows: —

Granite Bridge Road	\$4,000 00
Reed Road	5,000 00
Stone crusher	4,000 00
	<hr/>
	\$13,000 00

Of which has been expended

For Granite Bridge Road	\$4,085 96
“ Reed Road	5,069 82
“ Stone crusher	3,107 39
	<hr/>
	12,262 67
	<hr/>
	\$737 33

STONE CRUSHER.

The appropriation was \$4,000, of which \$3,107.39 has been expended; and although we find the expenses of running it larger than we had supposed, owing to the large increase in the pay roll, yet we hope the permanent improvement upon the roads will justify it. We shall be glad, if possible, in future to make our arrangements for crushing considerably during the winter, when the expenses will be somewhat less, and the material be ready for use during the summer.

STONE.

Crushed stone has been used on Milton Hill, Mattapan Street, and Brush Hill. These pieces were watched with interest and commented upon, and notwithstanding the inconvenience to travel at the time of the repairs, it is generally felt that we have started in the right direction.

MATTAPAN STREET.

A section of three hundred feet of the drain on this street was dug seven feet deep and three feet wide. One half of the way was solid rock, to be drilled and blasted. Pipe twelve inches in diameter was laid the whole length, packed around with small stone and the trench filled with stone. The surface of the road for five hundred feet was covered with crushed stone, four inches deep, then a coating of binding gravel was spread on and rolled.

The cost of digging the drain, laying the pipe, and filling	
the trench with stone was	\$900 00
Two hundred and fifty loads of crushed stone, placed on	
the five hundred feet of road, and rolled, cost	\$400 00

BRUSH HILL ROAD.

This hill, for a length of two thousand feet, was covered with broken stone, five inches deep; then with a coating of gravel and rolled.

500 loads of stone	\$700 00
200 loads of gravel	175 00
Labor	125 00
	<hr/>
	\$1,000 00

MILTON HILL

For a distance of twelve hundred feet this road was covered with crushed stone, to the depth of six inches, and with gravel four inches. The whole surface of the road was loosened with the pick.

400 loads of crushed stone, delivered, cost	\$700 00
200 loads of gravel, delivered, cost	200 00
Labor, cost	300 00
	<hr/>
	\$1,200 00

REED ROAD.

It was thought best to build this road by the day, and employ Milton laborers. The road is thirty-one hundred feet in length, and fifty feet wide. For seven hundred feet in length and the full width of fifty feet, there is an average depth of two feet of stone, placed by hand.

There was a cut of six hundred feet in length through the woods, with rocks to blast and stumps to dig out.

This road was built at a cost of \$5,069.32.

GRANITE BRIDGE ROAD.

This road was dug out eight inches deep and eighteen feet wide. A layer of stone the depth of nine inches was laid by hand; then four inches of broken stone was spread upon it and rolled, upon the top of which a coating of gravel, three inches deep, was spread and rolled. The wings of the road were raised to correspond with the centre. A tight board fence was built the whole length of the marsh on one side, and the railing repaired on the other. All at a cost of \$4,085.96.

We recommend the acceptance of Maple Street as far as completed, although it should be understood that it is not at present

advisable to put it in much better condition than it is now. The grade is so heavy and the ground so stony that it will be a very expensive piece of work to make it materially better.

We recommend a special appropriation for Metropoli-

tan Avenue of	\$2,500 00
One for raising the grade of Williams Avenue of	1,000 00
	<hr/>
	\$3,500 00
And a general appropriation of	15,000 00
	<hr/>
	\$18,500 00

O. W. PEABODY,

JOHN LITTLEFIELD,

A. L. HOLLINGSWORTH,

Road Commissioners for the Town of Milton.

HIGHWAY DEPARTMENT.

MISCELLANEOUS.

Paid Samuel Fisher & Son, 5 stone drags	\$21 50
J. C. Talbot, powder, fuse, and casks	32 85
Bigelow & Douse, road rakes	3 38
J. A. Tucker, repairing harness	10 93
J. Fleming, 2 collars and repairs	14 50

FIRE DEPARTMENT.

ENGINEER'S REPORT.

MILTON, Jan. 1, 1885.

TO THE BOARD OF SELECTMEN:

Gentlemen. — The Engineers herewith submit their annual report upon the condition of the Fire Department for the year ending Jan. 1, 1885, with a list of fires and alarms which have occurred during the year.

The number of men now connected with the department is eighty-one, distributed as follows: —

Hydrant Engine Company, forty-five men; J. F. Lord, foreman; Thomas Williams, assistant.

Granite Hook and Ladder Company, twenty-five men; C. F. A. Gardner, foreman; Charles Wigley, assistant.

Chemical Engine Company, six men; Jacob Lincoln, foreman; Craig Chaddock, assistant.

Ninety's Hose Company, five men; in charge of Engineer Chapman.

The buildings and apparatus of the department remain the same as when last reported.

The fire-alarm service is in good condition, and in accordance with a vote passed at the last annual meeting, a new box (numbered 34) has been placed upon Pleasant Street, opposite the school-house.

The department has been called out eleven times during the past year; alarms occurring as follows: —

Jan. 2, 1884; 1.30 A. M., box 25. Fire at West Quincy.

May 19; 1.30 P. M., box 38. Barn on Brook Road, belonging to William Cunningham; entirely consumed; loss, \$1,800; insured \$1,500; department worked two hours; cause unknown.

May 21, 3 P. M., box 62. Fire in chimney, at house of Mrs. Merriam, Milton Hill; damage trifling.

May 29, 11.30 P. M., box 62. House owned by Col. Peabody, near Randolph Avenue; totally destroyed; loss, \$1,500; department worked three hours; "incendiary."

June 22, 8.35 A. M., box 38. House on Canton Avenue, owned by heirs of William Davis; partially destroyed; loss, \$1,800; insured for \$3,500; department worked three hours; cause, unknown.

July 24, 8.25 P. M., box 35. House, Hillside Street; owner, William F. Boden; loss on building and furniture, \$1,150; insured for \$900; department worked three hours; cause, explosion of lamp.

July 12, box 43. Fire in the Dorchester district; department did not work.

Sept. 12, 1.30 P. M., box 37. House on Canton Avenue; owner, Miss E. T. L. Reed; damage trifling; department worked one hour.

Sept. 18, 7 P. M., box 37. Brush fire on Highland Street.

Nov. 15. Chemical engine responded to a still alarm for a brush fire on Central Avenue; worked two hours.

Dec. 21, 10.45 P. M., box 54. Greenhouse, Canton Avenue; owner, Lewis Davenport; loss, \$3,000; insured for \$800; department worked four hours; cause, overheated furnace.

Total loss for the year, \$9,250.

The fires the past year have more strongly convinced us of the necessity for better fire protection. Believing it to be for the best interest of the town, we would renew our recommendation of last year, that a steam fire engine be purchased and located in the east district; and would also recommend an appropriation of \$2,500 for the current expenses of the ensuing year.

Respectfully submitted,

WM. S. LEAVITT, *Chief.*

GEO. F. CHOATE, *Clerk.*

ACADEMY AND LOT.

Paid A. K. Teele (for trustees) for Milton Academy and land	\$3,000 00
--------------------------------------------------------------------------	------------

REPORT OF TRUSTEES OF PUBLIC LIBRARY.

THE Trustees of the Public Library report the past year as apparently the most prosperous in the history of the Library. Not only has its income increased — being \$1,909.59, exclusive of \$500 devoted to the East Milton reading-room, the average of the preceding six years being under \$1,400 — but, what is more important, it has more amply served the purpose of its existence.

An unusual number of new books have been added to its catalogue, namely, 400. The average of the preceding six years being not quite 334. It has lost but three; two destroyed in the burning of a house, and one lost by a child. The whole number of books now in the library is 9,200.

The number of readers in the reading-room of the Library increased so much as to require an addition to the seating accommodation. How many have resorted to the room during the year it is impossible to tell, but it is not uncommon to find ten or twelve there at a time. This indicates that the comfort and pleasantness of the new quarters are appreciated by outsiders, as they certainly are by those whose duties keep them there several hours each week-day.

An unusually large number of books have been taken from the Library: The daily issue has averaged about fifty volumes, and the number for the year amounts in round terms to 17,000.

In general, the Librarian reports “a busier season than for many years.”

It is pleasant to add that the Boston firm, who do the book-binding needed by the Library, report that the condition of the books sent them from this Library is so superior as to indicate that their treatment by those who use them is unusually good.

The Library is indebted to Mr. John M. Forbes for a copy of his “Scrap Book,” and to Capt. R. B. Forbes for several interesting pamphlets.

The publishers of the *Musical Herald* have continued the favor of keeping this Library on their free list.

The success of the East Milton reading-room — now in the third year of its existence — seems assured. The room is kept open the same hours as the Library, excepting on Saturday morning, *i. e.*, every afternoon from 3 to 6, and each evening from 6.45 to 8 o'clock. The number of visitors between March 8 and Dec. 27, 1884, averaged nearly 62 per week. Since Aug. 23, when such distribution began, 252 magazines were taken out by 42 different persons. Books from the Library are taken at the rate of from 50 to 70 each week. These books are sent to East Milton from the Library on Wednesday afternoons and distributed from the reading-room.

Seven magazines, two daily and five weekly papers are taken at the reading-room, the same as last year, excepting that the *Agriculturist* has been substituted for "The Nation."

The East Milton reading-room rejoices in the gift by Mr. I. Rand of Messrs. Rand and McNally's "Indexed Atlas of the World," a large and elaborate work, for which thanks are due to the considerate giver.

For the financial statement the Trustees refer to the Treasurer's report, herewith submitted.

For the Trustees,

FRED'K FROTHINGHAM.

REPORT OF TRUSTEES OF MILTON CEMETERY.

THE Trustees of the Cemetery herewith submit their annual report.

Fifteen new lots have been laid out and finished during the year. Eighteen have been trenched and graded and are nearly completed. Sixteen old lots have been reconstructed and renovated.

Two hundred feet of new paths have been built, and a much greater length of old paths have been reconstructed.

The avenue through the low land in the eastern section is being constructed, as stone and needful materials are furnished from other parts of the grounds.

All the ornamental ground around the single-grave plat has been put in perfect order, by grading, grassing, and the setting of trees and shrubs, making this an attractive spot in our Cemetery.

In order to render the new portion of the Cemetery, near Centre Street, more in harmony with the general condition of the

* For eleven months.

grounds, it has been ploughed and furnished with a liberal supply of dressing, and many heavy bowlders and stones have been blasted and removed, for the purpose of putting it into grass, and setting it with trees and shrubs until it shall be required by the town for the ordinary purposes of the Cemetery.

Two or three men are occupied in keeping in order the avenues, paths, and flower beds, during most of the season; and as many more in the care of annual, perpetual, and ornamental lots, which are clipped and trimmed eighteen or twenty times in the course of the summer and fall.

We have experienced no little difficulty, in obtaining soil and loam for the construction and grading of lots. To meet this want the Road Commissioners allowed the Cemetery to take the loam from the new road extending from Canton Avenue to Randolph Avenue. This has furnished a supply of 1,352 loads of excellent loam for future use.

Posts have been set at various points where visitors are requested to tie their horses if left without a driver. Rustic seats have been placed about the pond for the comfort of those who walk over the extended grounds.

No little trouble is caused by citizens allowing their dogs to follow them into the Cemetery. Sometimes the racing of a large dog over the newly sown lots and flower beds may require a half-mile's travel of a man, and a half-day's time to repair the damage.

The Trustees recommend an appropriation of thirty-five hundred dollars for the year ensuing.

Respectfully submitted,

O. W. PEABODY,
S. A. BURT,
A. K. TEELE,
A. L. HOLLINGSWORTH,
J. WALTER BRADLEE,

Trustees.

AUDITORS' REPORT.

The Auditors herewith present the Forty-ninth Annual Report of the affairs of the town for the year ending January 1, 1886.

The books and accounts of the various officers have been examined, vouchers compared and found correct.

At the almshouse a change in the management took place early in the year, the present superintendent and matron taking possession in April. In our tour of inspection we were pleased with the order and neatness shown, the many changes that had been effected in and out of house; also the product of the farm as shown by the stock, hay, fodder, etc., on hand, showing plainly that as at present conducted the farm may be made a source of income to the town.

PATRICK McDERMOTT,
HENRY B. MARTIN,

Auditors.

REPORT
OF THE
SELECTMEN, ASSESSORS, AND OVERSEERS OF THE POOR.

POLICE DEPARTMENT.

During the year a second night patrol was added to the West District, as the residents of the Blue Hill section were desirous of having one appointed, so that the force, as now constituted, comprises six night and one day patrol, together with specials in the several sections of the town.

Rules and regulations were adopted, and the officers furnished with copies, so that there might be a satisfactory state of discipline and efficiency throughout the force.

TOWN HALL AND LOT.

There have been no special repairs to the building during the year.

The High School occupies the small hall for a school-room during the building of the new High Schoolhouse, and to secure better ventilation, cold-air boxes were introduced.

The town having purchased the Academy lot, we would recommend the building of an avenue from White Street to Clapp Street through the town property.

SEWER.

Estimates were procured as to the cost for constructing the sewer to the river, in a parallel line with the railroad; also by a route *via* the town landing, and as the estimated cost was about three thousand dollars, it was decided to refer the subject to the town and ask for an appropriation.

TAXATION.

Before entering upon our duties as Assessors, we are obliged to take an oath to assess all property, both real and personal, as shall come to our knowledge, and in cases where parties move into the town we are notified of their last assessment, and the statutes oblige us to assess a like amount unless a sworn return is made. While we have no desire to oppress any one, we are in honor bound to see that the Commonwealth does not suffer, and no fair-minded citizen would countenance any deviation therefrom for policy's sake. We would again call the attention of the owners of bank and corporation stock to the importance of having it registered to them as residents of Milton, so that the town may receive the tax, thereby reducing the amount to be raised by town tax.

POOR DEPARTMENT.

Mr. and Mrs. William W. Wheelock were appointed superintendent and matron of the almshouse at the beginning of the year, and our longer acquaintance with them gives us every reason to value their services. Mr. Wheelock is an excellent farmer, and kind and wise in his care of the inmates. Mrs. Wheelock manages her department equally well, and in cases of illness has shown herself attentive and considerate.

About two acres of the wood lot has been cleared, ploughed, and planted with corn, which, with other fodder raised, justified us in allowing Mr. Wheelock to purchase this fall four cows, and he is now making and selling milk.

The citizens will find upon visiting this home that energy, even upon this sterile soil, has produced wonderful results.

Spring water has been introduced into the house.

J. WALTER BRADLEE.

A. A. BRACKETT.

T. EDWIN RUGGLES.

DISBURSEMENTS

For the Year ending Jan. 1, 1886.

ANNUAL REPORT

OF THE

MILTON ROAD COMMISSIONERS

FOR THE YEAR 1885.

The expenses for the current year upon highways have been as follows (the details will be found in the Auditors' Report) :—

There has been expended for

Mattapan Street	\$5,441 59	
Pay roll	4,514 99	
Street lamps	4,158 94	
Miscellaneous care of roads and stock	2,352 04	
	<u> </u>	\$16,467 56

General appropriation	\$15,000 00	
Balance Jan. 1, 1885, from last year	692 38	
Sale of cedar posts	100 00	
Labor of horses on Metropolitan and Williams Avenue	573 00	
	<u> </u>	16,365 38

Excess of expenditure	\$102 18
---------------------------------	----------

Special appropriations were made as follows :

Maple Street	\$500 00	
Williams Avenue	1,000 00	
Metropolitan Avenue	2,500 00	
	<u> </u>	\$4,000 00

Of which has been expended :

Upon Maple Street	\$569 58	
“ Williams Avenue	1,008 81	
“ Metropolitan Avenue	1,986 27	
	<u> </u>	3,564 66
Balance unexpended		\$435 34

ANALYSIS OF EXPENSES.

Permanent improvements were made during the year as follows:—

Maple Street.	\$569 58	
Williams Avenue	1,008 81	
Metropolitan Avenue	1,986 27	
Mattapan Street	5,441 59	
	<hr/>	\$9,006 25
Street lamps		4,158 94
Miscellaneous expense on roads		6,294 03
		<hr/>
		\$19,459 22

The greatly increased expense of lighting and the cost of the stone crusher materially reduce the amount available for improvement of the roads, without special appropriations. We recommend a general appropriation of \$15,000.

STONE CRUSHER.

In order to be able to use the broken stone from the crusher to the best advantage, we have bought a lot fronting on Randolph Avenue, from the Reed estate, of nine and five one-hundredths acres, more or less, for \$1,623. The additional expense involved in preparing the place and properly protecting the crusher will be \$2,500. We recommend the appropriation of \$4,500 for the purchase of the land by the town, and the other expenses.

MAPLE STREET.

The work done on Maple Street during the year 1885 was mostly the blasting and removal of large rocks that protruded above the natural surface of the road; the cutting down of the irregularities on the incline of the hill and throughout the length of the road; also grading its surface and making some improvements to the sidewalk along the side of said road, at a total expenditure of \$569.58.

WILLIAMS AVENUE.

The work on Williams Avenue during the year 1885 was raising the grade of the lowest portion, for a distance of seven hundred feet (the full width of the road). The middle section of the above-mentioned seven hundred feet was raised in accordance with a plan furnished by Messrs. Whitman & Breck, fully five feet above its former level, and the balance of the filling was graded to conform to this middle section. To do this work, there were removed from the upper part of the hill, on this avenue, some two thousand cubic yards of gravel, for the filling; and in addition some five hundred loads of gravel were hauled from this same hill, to extend the sides of the avenue in the low section.

There was a fence, consisting of one cypress plank and a top rail, also of cypress, with new chestnut posts, built on each side of the road, for a distance of seven hundred feet.

The removal of the gravel from the upper portion of this avenue to the hollow below seemed to be the most economical and best way of accomplishing this work, since, by so doing, the grade of the hill would be considerably improved.

The total expenditure for the above-described work was \$1,008.81.

METROPOLITAN AVENUE.

The portion of this avenue required by the County Commissioners to be built by the town of Milton is fifteen hundred feet in length, with a road-bed that is twenty-five feet wide. The total width of the avenue, including sidewalks and gutters, is fifty feet.

A substantial retaining wall of stone, three feet high and five hundred feet in length, was built, with a trench four feet wide by two feet deep (filled with stones) underneath the whole of the above-mentioned wall. On top of this stone wall was built a fence, consisting of one cypress plank and a top rail of cypress, supported by iron posts, cemented into large rocks in the wall.

When the work was commenced, there were found on, or bounding the line of this avenue, some old walls containing many

large and small stones. It was found to be necessary to drill and blast many of the large stones. These were all hauled and placed in the road-bed as a foundation; the small stones were used as a covering to the large foundation stones, and, as an additional covering, there were about four hundred and fifty loads of gravel hauled from the upper part of the hill on Williams Avenue; thus improving the grade of the Williams Avenue hill, and at the same time furnishing gravel at the lowest cost for use on Metropolitan Avenue. There were also hauled about one hundred loads of loam and gravel, obtained in the immediate vicinity, and used in the construction of this avenue. Two culverts for drainage were built.

The total cost was \$1,986,27.

MATTAPAN STREET.

In order to thoroughly drain this street there was a trench dug (emptying into the canal), twelve hundred feet long, four feet wide, and with an average depth of five and one half feet. One third of the distance was through a ledge of rocks, where the blasting was difficult, owing to the confined location of the rocks in the trench, and therefore necessarily expensive. In digging this trench, at least one third of the earth thrown out had to be carted off and disposed of elsewhere, as there was no room for its use on the road.

Twelve hundred feet of twelve-inch Akron tile pipe was laid in the bottom of the trench, connected at its southerly end with a capacious brick silt basin, for the protection and inspection of said tile pipe; and also having in view the future drainage of the neighboring streets. Stones were carefully laid on each side of and over this tile pipe, so as to fairly protect it; then the trench was filled with loose, rough stones. Branch trenches were dug three feet by three feet, leading from the side gutters to the main trench in the centre, seventy-five feet apart. These branch trenches were filled with rough stones.

The old surface earth of the road, to the depth of about eight inches, was taken off and hauled permanently elsewhere. A coat-

ing of crushed stone, to the depth of about six inches, was then hauled on this road-bed, which is twenty-five feet wide, using fifteen hundred loads of crushed stone. There was then put on the surface a thin covering of screened gravel, not over two inches thick. The whole was thoroughly rolled.

In making these repairs, there were hauled about one thousand loads of rough stones to fill the above-mentioned trenches, in addition to the crushed stone used as coating.

The total cost was \$5,441.59.

We have given our most careful consideration to the question of the roads petitioned for this year, and do not think that the necessity for them is so pressing as to make it advisable to construct them at present, as, in our judgment, the wisest policy of the citizens will be, until the present roads are brought into permanently better condition, to build as few new ones as the public convenience will allow.

The expense of lighting the streets has greatly increased during the last few years, and is very likely to continue to do so in the future; and it therefore seems to us proper that the street lighting should be maintained by a separate appropriation, of \$6,000 or \$5,800.

In recapulation, we make the following recommendations, previously mentioned in this report, viz. :—

For the purchase of land by the town for the stone	
crusher, and other expenses connected therewith	. \$4,500 00
For street lighting 6,000 00
General appropriations 15,000 00
	<hr/>
	\$25,500 00

Very respectfully yours,

H. J. GILBERT,
 OLIVER W. PEABODY,
 A. L. HOLLINGSWORTH,
Milton Road Commissioners.

FIRE DEPARTMENT.

ENGINEERS' REPORT.

MILTON, Jan. 1, 1886.

TO THE BOARD OF SELECTMEN:

Gentlemen,—The Engineers herewith submit their annual report upon the condition of the Fire Department for the year ending Jan. 1, 1886, with a list of fires and alarms which have occurred during the year.

The number of men now connected with the department is eighty-one, distributed as follows:—

Hydrant Engine Company, forty-five men; J. F. Lord, foreman; Thomas Williams, assistant.

Granite Hook and Ladder Company, twenty-five men; O. F. Bates, foreman; Henry Tarbox, assistant.

Chemical Engine Company, six men; Jacob Lincoln, foreman; Craig Chaddock, assistant.

Ninety's Hose Company, five men; in charge of Engineer Chapman.

The buildings and apparatus of the department remain the same as when last reported.

The fire-alarm service continues in good working order and is a valuable adjunct to the department, meeting the unqualified approbation not only of the Engineers, but we believe of the citizens generally.

The department has been called out eleven times during the past year, alarms occurring as follows:—

Feb. 21, 1885, 10.25 A. M., box 43. Fire at Walter Baker & Co.'s chocolate mill, Dorchester District.

March 2, 2.15 P. M., box 67. House of Josiah Babcock, East Milton; damage, \$50; cause, defective flue; insured; department worked one hour.

April 17, 1.15 P. M., box 37. Grass fire, near Centre School-house; department worked one hour.

April 17, 4.30 P. M., box 34. Brush fire, Pleasant Street, near Bayley estate.

April 18, 9.45 A. M., box 37. Grass fire, near Vose's Lane; department worked one hour.

April 19, 11.50 A. M., box 43. Grass fire at Faucon estate, Milton Hill.

April 24, 7.15 P. M., box 37. Brush fire near Central Avenue.

May 5, 12.25 P. M., box 37. Barn on the Vose estate, Canton Avenue; totally destroyed; loss, \$300; cause of fire unknown; department worked two hours.

May 30, 2.15 A. M., box 53. House of James Tucker, Brush Hill Road; loss, \$50; insured; cause unknown.

Nov. 25, 3.10 P. M., box 37. Barn of H. J. Gilbert, Canton Avenue; damage trifling.

Dec. 2, 10.35 P. M., box 64. House of R. B. Forbes, Jr., Pleasant Street; loss on building and furniture, \$500; insured; cause overheated fireplace; department worked one hour.

Total loss for the year, \$900.

In conclusion, we would suggest the urgent need of the population near Central Avenue Station (some thirty-two houses, occupied by thirty-seven families) to greater protection from fire by being connected with the present system, by means of a new fire-alarm box to be placed in that vicinity, and would also suggest the placing of a new box on Randolph Avenue, near School Street. We would therefore recommend to the town to make an appropriation for the establishment of said boxes, as also an appropriation for current expenses of \$2,500.

Respectfully submitted,

WM. S. LEAVITT, *Chief.*

GEORGE F. CHOATE, *Clerk.*

REPORT OF TRUSTEES OF PUBLIC LIBRARY.

In introducing their report for the year ending Dec. 31, 1885, the Trustees of the Public Library desire to pay their tribute of respect to the memory of their late honored President, Mr. James M. Robbins, who recently passed away, full of years, and intimately associated with the history of the town of Milton, in which for a long course of years he took a deep and studious interest. His concern for the welfare of the Library ceased only with his life, and is recorded with grateful appreciation.

With this exception, the year has been quiet and uneventful. The Library has prospered in its commodious and pleasant home,

and is adding steadily to its size and usefulness. The number of its books has been enlarged by 370 volumes, only less by 30 volumes than the unusually large increase of the year 1884. Only one volume has been lost. The unavoidable wear of the more popular books, such as novels and juveniles, which are in constant demand, involves a continual withdrawal of books from circulation. Their place, however, is made good, so far as practicable and advisable, by the supply of new ones. The whole number of volumes now in the Library is about 9,360.

The usual bulletin of books added to the Library during the year will be issued and distributed.

The number of volumes taken from the Library during the year is 15,000, a falling off of 2,000 from that of the previous year.

The reading-room is considerably frequented, especially in the "no-school" afternoon, and on cold and stormy evenings. The Trustees beg the public to note that the larger portion of its patronage comes rather from Dorchester than from Milton. The librarian reports having often counted twelve or fifteen boys from Dorchester in an evening, while Milton furnished but one or two. The Trustees are happy to note the general good behavior of the young folk attending the reading-room, and hope that it may be of helpful service to them.

The Trustees are glad again to acknowledge the kindness which has regularly placed the *Musical Herald* on the table of the Library.

The East Milton branch of the Library continues to justify its existence. The attendance at the reading-room has been good, and the number of magazines taken out large, averaging 75 a week, while the number of books exchanged has been about the same as last year. The *St. Nicholas*, *Wide Awake*, and *Youth's Companion* have proved very attractive to the boys and girls, while their elders have occupied themselves with the *Scientific American*, the *North American Review*, the *Atlantic Monthly*, the *Century*, and *Harper's Magazine*. In obedience to a vote of the town, passed at the last town meeting, the reading-room has been kept open till 9 p. m., instead of 8, as formerly. The attendance during the later hour is reported as variable, and on the whole not large. It

has been sufficiently large, however, to show that the experiment of adding to the open hours is at least worth further trying.

For their financial statement the Trustees refer to the Treasurer's report, herewith submitted. They ask for a smaller amount than that of last year's appropriation, viz., \$1,700, and the dog tax.

For the Trustees,

F. FROTHINGHAM.

GEORGE VOSE,

Treasurer.

REPORT OF TRUSTEES OF MILTON CEMETERY.

The Trustees of Milton Cemetery herewith present their annual report.

Besides the general care of lots, ornamental plats, lawns, and avenues, twenty-six lots have been put in order for individuals,

ten other lots have been graded and grassed down, and twenty have been trenched and are ready for grading and finishing with grass, in the early spring.

The front of the new portion of the cemetery bordering on Centre Street, and embracing three and a half acres, has been carefully graded by hand and laid down to grass. In this work it was found necessary to remove a foot of the surface from the hill in the rear, which was only sand, and to cover it with a foot of loam, to secure the growth of the seed; and in the light and sandy soil a liberal supply of manure was needful to insure success.

As some of the main avenues were originally constructed by removing the surface loam and depositing a layer of gravel on the underlying soil without foundation or drainage, and at certain seasons are found almost impassable, it was voted by the Trustees to expend as much of the appropriation as possible on these avenues.

To supply material for this purpose, the section of our grounds lying directly south of the hearse-house, between Willow and Elm Avenues, on which are many large stones and bowlders, has been worked over, and two hundred tons of stones have been blasted, and reduced to dimensions suitable for this work.

The road bed was then excavated to the depth of one, and sometimes two and a half feet, as needful, and the same was filled with coarse stones at the bottom, and finer at the top, leaving an open drain on one side; these were covered with coarse gravel which was graded into shape; upon this three inches of finer gravel was placed, raked and rolled; and later, about an inch of hard-pan was spread over the whole, and rolled to a solid surface.

In this manner were treated the following avenues and paths:—

Willow Ave. (West Main Ave.) .	825 feet long, 13½ feet wide.
Kalmia Ave.	315 “ “ 9 “ “
Iris Path	180 “ “ 8 “ “
Jasmine Path	210 “ “ 4 “ “
Moss Path	108 “ “ 4 “ “

The work on the avenue through the swamp, and the grading in the vicinity, have advanced to some extent. About one thousand loads of material have been used in this work.

A large tract of land lying between Pine Avenue and Lily Path has been reclaimed, upon the upper side of which seventeen lots are now being made ready. For this grading five hundred loads of loam have been used.

The Trustees recommend an appropriation of \$3,500 for the year ensuing.

Respectfully submitted,

O. W. PEABODY,

S. A. BURT,

A. K. TEELE,

A. L. HOLLINGSWORTH,

J. WALTER BRADLEE,

Trustees.

AUDITORS' REPORT.

This is the Fiftieth Annual Report of the town of Milton. It is believed to be a correct report. The accounts of the officers of the various departments have been examined by us, and *they* are correct; the almshouse has been inspected, and the general principles that govern the institution under the present management are pronounced correct; the annual dinner of the town officers held upon Jan. 4, 1887, is hereby certified as — correct; and so “unawed by influence, and unbribed by gain,” we hereby present this report to the citizens of the town for their earnest and thoughtful perusal, the study of which will enlighten the mind, strengthen the imagination, develop the inquisitive faculties now dormant, and help to produce that era of peace on earth and good-will to men that we the people of Milton, of all others, should strive after.

HENRY B. MARTIN,
JOHN P. S. CHURCHILL,

Auditors.

SELECTMEN'S REPORT.

The almshouse for the past year has remained under the charge of W. W. Wheelock and wife as superintendent and matron, and are most satisfactory in all respects. It is greatly owing to their excellent management that we are able to make so satisfactory a report. At almshouse we have at the present time six inmates who are the recipients of the town's care.

Mr. Wheelock has continued to make milk for the market, having five cows at present, losing one valuable animal in the summer.

An additional horse was purchased in the spring, so that the farm now has a team for all work.

The barn and shed are well filled with hay and fodder, and the land improved by judicious cultivation.

There has been received:—

From sale of milk	\$425 00
“ “ “ apples	39 50
“ “ “ pork	9 00
“ State military aid to Mullen	60 00

ALMSHOUSE CARE.

The old barn cellar has been filled in, and many large rocks removed from the adjoining land, which have been used in building a wall on the line of Col. Henry S. Russell's land, at an expense of two hundred and thirty-seven dollars and fifty cents, making a permanent improvement.

Outside aid has been rendered to about twenty widows, many with families, and several single women.

We have two inmates in the Taunton Lunatic Hospital, one in the Worcester Hospital, and one in the School of the Feeble Minded.

The custom, so long followed in Milton, of giving coal to poor women, has been continued.

TOWN HALL AND LOT.

There has been put into the hall an additional chandelier to light the platform.

The High School occupying the building the whole of last winter, it became necessary to use a large quantity of coal, which accounts for the amount consumed. As the hay scales upon Canton Avenue were very much out of repair, they were removed upon the lot adjoining the old hall, where suitable approaches have been made, and the janitor appointed weigher.

We would again recommend the building of the avenue from White Street to Clapp Street, as the loam therefrom is needed for grading about the High School grounds.

POLICE.

The police force has performed all its duties satisfactorily during the past year. There are six night patrol on duty every night, and one day patrol on Milton Hill and village.

A great deal of extra work has been done the past year owing to the overflow from the large city on our border, especially on Sundays, which is a source of great annoyance to many of our residents during the summer and autumn; and we have endeavored to protect the peace and property of our citizens by the appointment of specials in the various sections of the town.

SEWER.

The town at its annual meeting appropriated the sum of three thousand dollars for the completion of the sewer at the Lower Mills, from the Old Colony Railroad estate along parallel with the railroad to the river. The contract was let to Messrs. Collins & Ham, for the sum of twenty-four hundred and seventy-five dollars, and we have expended the sum of twenty-six dollars and ninety-four cents for grading, leaving an unexpended balance of four hundred ninety-eight dollars and six cents in the treasury. The town now has a two and one half foot brick sewer, with four man-holes, of sufficient capacity to take the sewage and surface water of this entire section of the town.

TAXES.

The statutes require Assessors before proceeding to make an assessment to give seasonable notice thereof to the inhabitants of their towns at any meetings, or by posting up in their town one or more notices in some public place or places. Such notice shall require

the inhabitants to bring in to the Assessors within a time specified true lists of all their polls and estates, both real and personal, not exempted from taxation, and in all cases shall require a person bringing in such a list to make oath that the same is true. And the Assessors at the time appointed shall make a fair cash valuation of all estate, real and personal.

In the assessment of taxes owing to increased appropriations, as well as addition to both State and county tax, it became necessary to increase our rate, and in some localities the valuation. Yet in no instance has there been a sale where property has not brought a large margin above assessment.

APPOINTMENTS.

The following appointments have been made : —

Engineers of Fire Department, — William S. Leavitt, John H. Burt, R. L. Chapman, George F. Choate, Nathan Godfrey.

Night Patrol, — Samuel W. Alden, George A. Harned, James Wigley, John Leary, George C. Partelow, James D. Davenport, John F. McCormack.

Day Patrol, — Stephen Walsh.

Funeral Undertaker, — James H. Packard.

Janitor of Town Hall, — A. Sanborn Littlefield.

Keeper of Lock-up, — Edwin A. Houghton.

Public Weighers, — Charles Breck, Josiah Babcock, H. C. Gallagher, Samuel Morse, William G. Swan, W. J. Johnson, Allen D. Hinds, John Dillon.

Special Police, — G. A. Harned, G. W. Nickerson, H. D. Capen, S. S. Somes, A. S. Littlefield, E. J. Mellen, J. W. Thompson, S. G. Sloan, Geo. C. Partelow, J. H. Packard, J. D. Davenport, J. R. Lawrence, Wm. Jordan, L. A. Chase, W. W. Wheelock, B. R. Sloan, John Twiss.

J. WALTER BRADLEE,

A. A. BRACKETT,

J. EDWIN RUGGLES,

Selectmen of Milton.

ANNUAL REPORT

OF THE

MILTON ROAD COMMISSIONERS

FOR THE YEAR 1886.

The expenditures for the year ending Dec. 31, 1886, have been as follows (the details will be found in the Auditors' report) : —

General appropriation	\$15,000 00
Balance in the hands of commission	83 16
Sale of crushed stones	42 00
	<hr/>
	\$15,125 16

There has been expended for permanent improvement and general repairs the following sums : —

At East Milton — remaking Adams Street,
from Quincy line to the Old Colony
Railroad Company's crossing . . . \$2,322 85

On Milton Hill — a 15-inch tile drain,
through Mr. J. H. Brooks's land,
emptying into the brook. The above-
mentioned drain is a continuation of
a 12-inch tile drain running from
Adams Street through Mr. James

The above statement does not include 112 days' labor of town horses, amounting to \$168.

STONE CRUSHER.

The stone crusher and engine have been moved during the past year from the gravel pit on Blue Hill Avenue to the lot recently purchased from Miss Elizabeth Reed, on Randolph Avenue. A substantial elevated foundation consisting of a front stone wall twenty

feet high, six feet wide at its base, and two feet wide on top, with heavy protecting wing walls, said walls being backed up and the within space filled with large stones and gravel, a new house and a capacious plank platform have all been constructed during the past year for the future benefit of the stone crusher in its new location. Cart paths in and out from the stone crusher to Randolph Avenue have been built of rough stones and gravel. Quarrying of stones from the above-mentioned Reed lot and preparing them for the stone crusher have been successfully carried on a portion of the past year, and present appearances seem to indicate that the supply of stones for future use will be large, though the expense of quarrying for them below the surface of the ground may be considerable.

Special appropriation for the stone crusher	\$4,500 00
Cost of land purchased of Miss Reed	\$1,639 76
Other expenses pertaining to the stone crusher	2,722 18
	<hr/> 4,361 94
	<hr/> \$138 06

STREET LIGHTING.

During the past year there has been made a concession of over eleven per cent in the charge for maintaining each lamp. Coupled with this reduction it became necessary to light the lamps for a portion of the year only twenty-two instead of twenty-five nights per month, in order to keep the expenditures within the special appropriation. There have been put up and paid for out of said appropriation during the past year sixteen additional new posts and lanterns. And during the past year there has also been bought and turned to size, ready for future use, fifty red cedar lamp-posts at a total cost of one hundred dollars.

There are now in use two hundred and twenty gasoline lamps and eight kerosene lamps.

Special appropriation for street lighting	\$4,500 00
Expenditures for street lighting	4,420 21
	<hr/> \$79 79

EAST MILTON DRAIN.

It was thought best to build the East Milton drain (said drain running through a portion of Granite Avenue and Adams Street)

the past year, even at a cost exceeding the special appropriation, because the Old Colony Railroad Company were willing to join with the town this year and contribute a liberal amount of money toward the undertaking. Whereas, if the work had been postponed until another year, the town very possibly might have lost the aid of the Old Colony Railroad Company, since they intended to dispose of the water — that inconvenienced them — in a different way. Said drain has been constructed in accordance with plans furnished by Messrs. Whitman & Breck and approved by your special committee, appointed last March to investigate the scheme.

Special appropriation for East Milton drain . . .	\$2,500 00
Total expenditures for construction of said drain	\$4,489 30
Less allowance on pipe	\$29 25
Less cash contributed by Old Colony Railroad Company	1,096 00
	<hr/> 1,125 25
	<hr/> 3,364 05
Amount expended in excess of special appropriation . . .	\$864 05

The above statement does not include 112 days' labor of town horses, amounting to \$168.

FRESHET.

The unusual freshet of February, 1886, made it necessary to make many little repairs here and there in nearly every section of the town, which cannot be reported separately from the general work done in mending the roads, though in the aggregate these little repairs, originating from the freshet, have cost a considerable sum, in addition to the figures given below.

Cost special repairs made necessary by freshet . . .	\$2,888 80
Labor of town horses	240 00
	<hr/> \$3,128 80

The Central Avenue bridge yet remains to be renewed.

Considerable work will soon be needed on the Granite bridge road (near the bridge), to prevent the west side of said road from

tumbling into the adjoining marsh. A permanent piece of work there may require quite a large expenditure.

We recommend the following appropriations : —

SPECIAL APPROPRIATIONS.

For stone crusher	\$4,500 00
“ new bridge on Central Avenue	2,500 00
“ street lighting	5,000 00
“ permanent repairs on Randolph Avenue	4,500 00

GENERAL APPROPRIATION.

For care of highways	\$12,000 00

The work done by town teams, as per schedule, is as follows : —

Milton Hill district, 4 horses 15 days.

On account of flood, 4 horses 40 days.

East Milton drain, 4 horses 25 days.

FIRE DEPARTMENT.

ENGINEERS' REPORT.

MILTON, Jan. 1. 1887.

TO THE HONORABLE BOARD OF SELECTMEN :

Gentlemen, — In compliance with a long-established custom, the Board of Engineers herewith presents its annual report, containing a statement of the fires and causes, as far as known, the condition of the department, and expenditures for the year ending Dec. 31, 1886.

ORGANIZATION.

The organization of the department consists of a board of four engineers and a chief engineer.

MANUAL FORCE.

The manual force of the department consists of eighty-one members, one driver of the chemical engine, and eighty call men, distributed as follows : —

Hydrant Engine, forty-five men.

Granite Hook and Ladder, twenty-five men.

Chemical Engine, five men.

Ninety's Hose, five men.

The efficiency of the Fire Department and the continued harmony between its members and that of the Board of Engineers at fires are fully appreciated by those in charge.

APPARATUS.

The apparatus now in the service consists of 1 hand engine, 1 hook and ladder truck, 1 chemical engine, 3 hose jumpers, and 1 supply wagon.

BUILDINGS.

The buildings for the accommodation of the department remain substantially the same as reported last year, and are in good order and repair.

HORSES.

The number of horses in the department is two, both stationed in the chemical engine house, at the centre of the town. The horses have received inspection from the board, and are constantly in receipt of the most careful attention and treatment, and are in good condition.

HOSE.

The amount of hose in the service of the department consists of 1,450 feet, apportioned as follows:—

Six hundred feet of cotton in good order, 250 feet of linen in fair condition, and 600 feet of leather not at all reliable.

The present condition of the leather hose is such that we recommend the purchase of 500 feet of new hose at an early date.

FIRE-ALARM DEPARTMENT.

The fire alarm has been maintained in a manner entirely satisfactory to the board, and has rendered efficient service throughout the year.

By a vote of the town, passed at its last annual meeting, three new signal boxes and two miles of new line construction have been placed in the circuit within the past year, making in all at the present time 23 miles of wire, 18 signal boxes, 2 tower bell strikers, and 5 6-inch gongs, with a battery power of 72 jars.

With a view for the better protection of property at the Lower Mills, we recommend that a fire-alarm bell be placed in the circuit in that section of the town.

The following table shows the location of the several fires and alarms from Jan. 1, 1886, to Dec. 31, 1886:—

Feb. 6, box 37, at 12.40 P. M. Dwelling-house on Canton Avenue, owned by Seth Whitney. Loss, \$50; insured. Cause, fumigating.

April 10, box 47, at 10.45 A. M. Burning brush, near Mattapan Schoolhouse.

April 10, box 38, at 4.45 P. M. Brush fire, off Central Avenue.

April 18, box 37, at 12.50 P. M. Brush fire, near Central Avenue.

April 20, box 36, at 6.40 P. M. Woods, near Highland Street.

April 23. Grass land near A. C. Gardner's, Centre Street; chemical engine responded. No alarm.

April 27, box 36, 9.15 A. M. Careless burning of brush near Highland Street.

May 21, box 67, at 4.15 P. M. House and barn on Adams Street, East Milton, owned and occupied by E. J. Eaton. Loss on buildings and contents, \$4,000. Insured, \$2,500.

Loss to C. F. A. Gardner on wood, \$75. Cause, accidental.

Sept. 7, box 43, at 7.10 P. M. Chimney fire at shop of Thomas Strangman & Co., Lower Mills.

Dec. 2, box 34, at 9.12 P. M. Dwelling-house on Pleasant Street, owned by the heirs of S. K. Bayley and occupied by John Malloy. Loss on house, \$10,000. Furniture, \$1,100. Cause, explosion of lamp.

Total loss	\$15,225 00
Insurance	13,650 00
Insurance paid	3,650 00

As will be seen by the foregoing table, the number of fires for the past year has been less, although the total loss during that period was much greater than for a number of years, and was caused largely by the Bayley and Eaton fires. With these calamities fresh in our minds, and fearing similar misfortunes in the future, and bearing in mind the large amount of property at risk, and recognizing the increase of such, year by year, we consider it our duty to especially urge upon the town to no longer delay the purchase of a steamer.

We therefore renew the recommendation in our reports for the years 1883, 1884, and 1885, that a steam fire engine be purchased for the more adequate protection of property in our town; and we further recommend an appropriation for the expenses of the current year, and for new hose, the sum of \$3,000.

Respectfully submitted,

WILLIAM S. LEAVITT, *Chief.*
GEORGE F. CHOATE, *Clerk.*

For the information of the citizens, we herewith insert the acts passed by the Legislature in relation to the protection of forests from fires :—

COMMONWEALTH OF MASSACHUSETTS.

[CHAPTER 296.]

In the Year One Thousand Eight Hundred and Eighty-Six.

AN ACT FOR THE BETTER PROTECTION OF FORESTS FROM FIRES.

Be it enacted, etc., as follows :

SECTION 1. Whoever wilfully or without reasonable care sets a fire upon the lands of another by means whereof the property of another is injured, or negligently or wilfully suffers any fire upon his own land to extend beyond the limits thereof by means whereof the woods or property of any other person are injured, shall be punished by fine not exceeding Two HUNDRED AND FIFTY DOLLARS.

SECTION 2. In all towns it shall be the duty of the selectmen to appoint, within thirty days after the passage of this act, and thereafter annually, in March or April, one or more persons, to be called forest firewards, who shall, in respect to fires in woodlands, have and exercise the powers and duties prescribed for firewards in chapter thirty-five of the Public Statutes. In towns of less than three hundred voters, the selectmen may serve as forest firewards, if the town shall so elect.

SECTION 3. It shall be the duty of forest firewards to post copies of this act and chapter one hundred and sixty-three of the acts of the year eighteen hundred and eighty-two, in two or more public places, to investigate all cases of fires in woodlands, and report thereon to the mayor of the city or to the selectmen of the town, who, in their discretion, shall cause complaints to be made for violation of the provisions hereof.

SECTION 4. The mayor and aldermen and selectmen shall make return to the insurance commissioner, as required in chapter thirty-five, section ten, Public Statutes, of all forest fires in their respective cities and towns, in which more than one acre is burned over.

SECTION 5. The engineers of fire departments, in cities where a fire department exists, shall have and exercise the powers and duties herein prescribed for forest firewards.

SECTION 6. Forest firewards may employ such assistance, at the expense of the city or town, as they see fit to suppress forest fires, and shall receive such compensation as the city or town may determine. (*Approved June 16, 1886.*)

[CHAPTER 163, 1882.]

AN ACT FOR THE PROTECTION OF FORESTS AGAINST FIRES.

Be it enacted, etc., as follows:

SECTION 1. Whoever wantonly and recklessly sets fire to any material which causes the destruction or injury of any growing or standing wood of another, shall be punished by fine not exceeding ONE HUNDRED DOLLARS, or by imprisonment in the jail not exceeding six months.

SECTION 2. This act shall take effect upon its passage. (*Approved April 19, 1882.*)

W. S. LEAVITT,
GEO. F. CHOATE,
R. L. CHAPMAN,
JOHN H. BURT,
NATHAN GODFREY,
Forest Firewards of Milton.

REPORT OF TRUSTEES PUBLIC LIBRARY.

The Trustees of the Public Library present herewith their annual report: —

Whole number volumes, Dec. 31, 1885	.	.	.	9,360
Books purchased and presented	.	.	.	335
Worn-out books withdrawn	.	.	.	15
Total number, Dec. 31, 1886	.	.	.	9,680
Books taken out during year	.	.	.	15,000
Books taken to East Milton	.	.	.	2,112

Nothing has occurred during the past year to impair the efficiency of the Library, while many things have combined to strengthen it in its usefulness.

The above figures show a healthful increase in the additions made, while the number read remains about the same as last year. Criticism is often made, that in a town possessed of the wealth and general intelligence of Milton, so few books are purchased yearly; but one can readily see that if quality be desired rather than quantity, it can be obtained only by judicious selection, and not wholesale purchase. The catalogue now registers nearly ten thousand volumes, which, in point of literary excellence, we believe,

will not suffer in comparison with any similar library of equal numbers. Great care has been taken to procure only good, readable books, valuable for information or recreation. In the midst of the great mass of literary rubbish constantly issued, consuming valuable time and developing only a taste for sensational works, the Book Committee has not been deterred from selecting books of standard merit only. It has kept constantly in view the great aim and object of the Public Library, believing it in its largest sense to be but a popular educator, supplementing the school course, and serving as a pleasant digression from the cares and worries of the day. We believe with that great apostle of inductive theories, Bacon, that "reading maketh a full man," and earnestly commend the ten thousand volumes in our library to the intimate acquaintance of those who have never partaken of its advantages.

The Trustees have lately received through H. E. Ware, Esq., executor of the will of the late Sarah Vose, property amounting to some \$9,000, current value, partly cash, and the rest in local stocks, readily convertible. This is left absolutely to the Trustees for the purchase of books only. While the Milton Public Library is not an object of charity, the citizens fully appreciate the philanthropy which prompted this generous donation. The Trustees have under consideration a new catalogue, one only having been issued since the Library was established, but supplemented each spring by bulletins. Different plans are proposed, all of course involving necessarily much expense, and one, the closing of the Library for some weeks. Whichever plan is adopted, a new catalogue the present year is among the probabilities.

Both reading-rooms have been well patronized, and the attendant at the East reading-room reports the good behavior of the boys and girls as worthy of mention. The Trustees are pleased to report entire faithfulness on the part of both librarian and attendant.

During the year the Library has been the recipient of many costly and altogether instructive works from gentlemen interested in the town and its Library.

For all of these valuable gifts the Trustees desire to return thanks.

The *Musical Herald* is continued as heretofore.

Mr. Henry A. Whitney presents five bound volumes each of

“Harper’s Weekly” and “Frank Leslie’s Illustrated Newspaper,” published during the Civil War, and several smaller books.

Colonel Peabody favors the Library with three copies of “Volcano under the City.”

Mr. George A. Vose, formerly Professor of Civil Engineering in Bowdoin College, presents the following written by himself: —

An Elementary Course of Geometrical Drawing.

Manual for Railroad Engineers.

Life of George Whistler, a Civil Engineer.

Walter Baker & Co. send in a very readable book on “Cocoa and Chocolate.”

A set of books six in number, richly bound, profusely and elegantly illustrated, entitled “Robert’s Sketches in the Holy Land,” together with handsome volumes on “Florence,” “Spain,” and “Art in Japan,” have been placed in the Library with the money left by the late H. P. Kidder for the purchase of valuable books.

Following is a list of securities acquired by legacy of Sarah Vose: —

Cash, \$1,572.43.

Ten shares Old Colony Railroad.

Fourteen Metropolitan Railroad.

Eight Boston Consolidated Street Railway.

Twenty-three Blue Hill National Bank.

The Treasurer’s report following is referred to for financial matters.

The Trustees respectfully ask for \$1,700 and the dog tax for the ensuing year.

For the Trustees,

O. A. ANDREWS.

REPORT OF TRUSTEES OF MILTON CEMETERY.

The Trustees of Milton Cemetery herewith present their annual report:—

In the work of the year, six old lots have been put in order, and nine new lots have been made ready for individuals. Twenty lots have been put in readiness for the stone-work demanded.

A great deal of labor has been expended in removing stones, by blasting and excavation, and in extracting stumps, in preparation of the land for six ranges of lots, on the northeast side of Central Avenue, in the low land between the avenue and office. The land requires to be cleared to the depth of five feet below the new surface; and for the lower line of lots, on Colen's Path, seven feet of filling is necessary, also heavy stone-work for suitable grades and avenues, in order to bring into use this waste land. This work, when completed, reclaims all the wild land in that portion of the cemetery, laid out in lots on our plan. In the progress of this work, two paths, Camellia and Clematis, and a part of Daphne, have been properly built, 266 feet in length, and $4\frac{1}{2}$ feet wide.

Much labor has been expended in renewing old avenues. It is found necessary to remove the loam to the depth of two and one half feet, and fill in with stone and coarse gravel. The following avenues have been thus treated:—

Hemlock	415 feet long, 13 feet wide.
Fir	191 " " 13 " "
Elm	153 " " 13 " "
Walnut	112 " " 13 " "
Olive	213 " " 10 " "
Hawthorn	85 " " 8 " "
Orange	272 " " 4 " "

Two more paths remain to be taken up, which will complete the avenues already laid out south of the old grounds.

The front ground of the last purchase on Centre Street, and elsewhere, has been set with trees and shrubs, which greatly improves that section.

The Trustees, wishing to present to the proprietors of the tombs their views of this manner of interment, have sent, to all whose names and address could be obtained, the following circular:—

TO THE PROPRIETORS OF THE TOMBS IN MILTON CEMETERY:

We beg to call your attention to some suggestions in regard to interment in the tombs, which our experience has indicated to us.

Owing to the character of this form of burial, it is inevitable that, in progress of time, all identification of remains is lost by the process of decay. The condition of the interior of a tomb left for a considerable period without examination by its owner becomes a very distressing, and sometimes offensive, spectacle, where all the contents are an undistinguishable mass of decay, in which the remains of men, women, and children are indiscriminately thrown together.

We have also found great difficulty arising from the action of the water, which (unless tombs are made with very much more care than is usual and at certain intervals expensively repaired), gets in to a depth that floats the coffins, and they fall into any position that the loss of the centre of gravity may occasion; and when the proprietors open their tombs, they find a condition of affairs which induces them to suppose that they have been entered by some other persons.

We are persuaded that it would be a very great improvement in the form of burial, and in the suitable and permanent identification of the remains, if these tombs were to be given up and the remains buried in the lots and properly marked. To facilitate this, the Trustees offer to buy the tombs, where use of them has been abandoned by the families, or to give a lot in the cemetery, where the remains can be interred for them; and they earnestly recommend the acceptance of this proposal, as being greatly to the advantage of the owners, as well as in the best interests of the cemetery itself.

Per order of the Trustees.

The "William Glover Tomb," in the line of tombs on the west side of the cemetery near the avenue, has been filled up; and on its site a pleasant lot has been finished, conforming with surrounding grades.

Other proprietors are contemplating the same change.

The Trustees have received from the executor of the estate of Sarah Vose, of Milton, the sum of \$1,000, for the care of two lots and other purposes. This sum has been deposited, temporarily, in the Suffolk Savings Bank.

They have been apprised by the executor of Ebenezer G. Tucker, a native of Milton, of a legacy of \$1,000, to be used in the care of the old cemetery.

For these legacies to so good a purpose, the Trustees take this opportunity to express the hearty acknowledgments of the town.

Respectfully submitted,

O. W. PEABODY,
A. K. TEELE,
A. L. HOLLINSWORTH,
J. WALTER BRADLEE,
Trustees.

CEMETERY.

There has been paid into the treasury of the town as a Perpetual Care Fund, from which we receive an income of six per cent, \$4,400.

The Trustees have received from the estate of Sarah Vose, for the care of family lots in old cemetery, the sum of \$1,000, and have placed the same in the Suffolk Savings Bank, Boston.

J. WALTER BRADLEE,

Treasurer.

AUDITORS' REPORT.

THE undersigned herewith present the Fifty-first Annual Report of the town of Milton. They have examined the accounts and vouchers of the various departments, and believe them to be correct. The almshouse has been inspected, and found to be well and carefully managed.

JOHN P. S. CHURCHILL,
J. FRANK POPE,

Auditors.

SELECTMEN'S REPORT.

We herewith submit a detailed report of the receipts and expenditures for the financial year ending Dec. 31, 1887.

The Almshouse has continued under the charge of Mr. W. W. Wheelock and wife, who have improved its condition, and labored hard for the welfare of both inmates and the town. At the present time a smaller number is being cared for than at any time during the year; the average during the past year has been six.

An ell was built to the stable in the early spring for the accommodation of the highway horses, so that the town receives the full benefit of their care and supervision, while the farm is improved by their being kept thereon.

There has also been erected a large shed for the storage of the highway property, which had suffered greatly by exposure. These expenditures were made, believing our citizens desire that the town's interest should be protected.

At the annual March meeting the roads were placed in the charge of the Selectmen, who were requested to appoint a superintendent.

Mr. Wheelock was appointed, and work commenced on Randolph avenue by constructing a drain four feet wide and four deep, from a point near Adams street to the low land near residence of Mr. Sigourney, a distance of three-fourths of a mile, the road-bed being made of crushed stone.

Work has been done in the several sections as far as possible. The ledge upon Central avenue has been removed, and a sidewalk in this section constructed. We would recommend an appropriation to be expended upon sidewalks.

The Public Statutes require towns to erect and maintain "guide posts on the highways and other ways within the town, at such places as are necessary or convenient for the direction of travellers."

A penalty of five dollars annually is imposed on the town for

every such guide-post which it so neglects or refuses to maintain.

The punishment for breaking down, injuring, removing, or destroying a mile-stone or guide-board, erected upon a public way, or defacing or altering the inscription, is imprisonment in the jail not exceeding six months, or a fine not exceeding fifty dollars. The dilapidated condition of many of the old guide-boards made it necessary to have new ones made, so that in the future the increasing travel will find the same conforming with the law.

The County Commissioners having ordered Dana avenue to be built from Hyde Park line to Brush-Hill road, we have constructed a good street, and believe the residents of that section of the town will appreciate this avenue as the means of avoiding the hill. The work was done by the town teams, under Mr. Wheelock. Extension of School street, — the town having voted to build this street, we have caused the same to be built. The work was done by the Superintendent of Roads, who employed men and teams, giving employment to our citizens, and guaranteeing the work being well done. The contract for building the Arch bridge was awarded to Messrs. Collins & Ham.

At the March meeting appropriations amounting to about fifty per cent. more than the previous years were made, and it was feared that the rate would have to be increased in the same ratio; but by diligent work we are able to report an increase of less than twelve per cent. on the rate.

The town must provide for the wants of its citizens, and all should desire to have it maintain its present rank. Appropriations should be made with caution and expended with care, thereby attracting desirable people to make their homes in our town.

J. WALTER BRADLEE.

A. A. BRACKETT.

T. EDWIN RUGGLES.

DISBURSEMENTS

FOR THE YEAR ENDING JANUARY 1, 1888.

SUPPORT OF SCHOOLS.

Appropriation	\$19,350 00
Expenses	19,343 49
Expenses less than appropriation	<u>\$6 51</u>

FIRE DEPARTMENT.

ENGINEER'S REPORT.

MILTON, Jan. 1, 1888.

To the Honorable Board of Selectmen:—

GENTLEMEN, — In compliance with an established custom, the Board of Engineers herewith presents its annual report upon the condition of the department, together with a statement of the fires, and causes, as far as known, and expenditures for the year ending December 31, 1887.

ORGANIZATION.

The organization of the Board remains unchanged, consisting of a board of four engineers and a Chief Engineer.

MANUAL FORCE.

The manual force of the department consists of 69 members, 1 driver of the chemical engine, and 68 call men, distributed as follows:—

Hydrant Engine, 45 men.

Granite Hook and Ladder, 13 men.

Chemical Engine, 5 men.

Ninety's Hose, 5 men.

APPARATUS.

The apparatus now in the service consists of 1 hand-engine, 1 hook and ladder truck, 1 chemical engine, 3 hose jumpers, 1 supply wagon, and 1 wagon for use in the Fire-alarm Department.

BUILDINGS.

The buildings for the accommodation of the department remain the same as reported last year, and are in excellent order and condition.

HORSES.

The number of horses in the department is two, both stationed in the chemical engine-house at the centre of the town. The horses appear in excellent condition, receiving constant and careful attention, and are ready and equal to any emergency that may arise.

HOSE.

The amount of hose in the service of the department consists of 1,450 feet, apportioned as follows: 600 feet of cotton in good order, 250 feet of linen in fair condition, and 600 feet of leather not reliable.

FIRE-ALARM DEPARTMENT.

The fire-alarm service continues in good working order, and has rendered efficient service throughout the year. A new signal box, No. 68, has been placed in the circuit, on Granite place, at the corner of Brackett street, East Milton.

For the maintenance and current expenses of the fire department for the ensuing year the Board would recommend an appropriation of \$7,000.

RUFUS L. CHAPMAN, *Chief*.

GEORGE F. CHOATE, *Clerk*.

The following table shows the location of the several fires and alarms, from Jan. 1, 1887, to Dec. 31, 1887, inclusive: —

Jan. 2, box 67, at 10.30 A.M. Slight fire in the house of George Staples, on Sheldon street, East Milton. No damage.

Feb. 28, box 43, at 6.20 P.M. Old Colony Railroad Depot, at Milton Lower Mills. Loss \$20,000. Loss on building of Henry B. Martin, Esq., \$230. Cause, breaking of a lamp.

March 3, box 36, at 3.15 P.M. Building on Highland street, owned by Reed Bros. Damage, \$15. Cause, burning grass.

March 25, House on Canton avenue, owned and occupied by Cornelius McCormick. Damage, \$20. Cause, defective chimney. No bell alarm. Chemical engine responded.

March 26, carpenter shop of Tileston & Hollingsworth, at Mattapan. Cause, sparks from chimney. Damage, \$10. No bell alarm.

April 8, box 45, at 3.30 P.M. Brush fire, near Central avenue.

April 13, box 47, at 8.15 P.M. Brush fire near Blue-Hill avenue.

May 1, box 52, at 4.15 P.M. Brush fire off Canton avenue.

May 11, box 52, at 1.15 P.M. Fire in woods off Canton avenue.

May 12, box 45, at 1.10 P.M. Brush fire near Central avenue.

May 17, box 62, at 8.30 P.M. Chimney fire at the residence of Mrs. Merriam, Milton Hill.

July 4, box 47, at 3.30 A.M. Barn at Mattapan, in the Dorchester district of Boston.

Oct. 25, box 35, at 9.30 P.M. Dwelling-house on Hillside street, owned by Charles K. Hunt, and occupied by C. L. Hunt and H. L. Bowley. Loss on building, \$800. Loss on furniture, \$800. Cause unknown.

Nov. 15, box 56, at 5.45 P.M. Dwelling-house on Canton avenue, owned by Roger Wolcott, Esq. Loss on building, \$30,000; insured, \$18,000. Loss on contents, \$10,000; insured, \$5,000. Cause unknown.

Nov. 16, box 27, at 6.35 P.M. Call to Quincy.

Total loss for the year 1887, \$61,875.

REPORT OF TRUSTEES OF PUBLIC LIBRARY.

The Trustees have the pleasure to report that the work of the Library seems to them especially encouraging and hopeful, and that its usefulness and power for good in the community are surely on the increase.

In the course of the last year Mr. George Vose, one of the original members of the Board of Trustees, has been removed by death. At the inception of the enterprise, March 7, 1870, Mr. Vose was elected to this Board, and was soon made its Treasurer. The same position he continued to hold, with the exception of two years, to the time of his decease; always evincing the deepest interest in the usefulness and in the successful management of the library, and conducting its finances with much wisdom. His associates fully appreciate his valued service, and their great loss.

The changes in the library have been as follows:—

Whole number of books Dec. 31, 1886	9,680
Books added during the year	392
Whole number Dec. 31, 1887	10,072
Books taken out during the year	15,010
Books sent to East Milton	2,017

The Trustees desire to express the thanks of the Town to the donors of books received since the last report.

Mrs. J. McKean Churchill, "Memorials of McKean Gardner Churchill."

Col. O. W. Peabody, "Our Country, its Past, etc."

Mr. C. E. C. Breck, "Map of Milton."

The proprietors of the *Musical Herald*.

The Henry P. Kidder fund, three volumes of "Pompeiana," by Gell, illustrated.

The reading-room has been used fully as much as in previous years. The books of reference have been in almost constant use by the scholars of the public schools, as well as by others who patronize the library.

The Trustees are under continued obligations to Mr. Pope, the Milton postmaster, for kindly allowing the patrons of the library to leave books in his custody, to be called for by the librarian.

The reading-room at East Milton is affording to the young people of the village the excellent and highly-appreciated privilege of examining and perusing the various papers and periodicals on its tables, and of spending, pleasantly and profitably, many hours which otherwise might be wasted; while the older people largely avail themselves of the privilege allowed of taking out back numbers of papers and magazines under the same rules that govern the taking of books from the library.

Two or more additional magazines are recommended for this reading-room the ensuing year.

The room is very pleasant, and has been made more attractive recently by new window-shades. A map of Milton, presented by Mr. C. E. C. Breck, has been suspended upon its walls.

As it is hoped that a new catalogue of the Public Library, which is greatly needed, may be undertaken this year, the Trustees recommend an appropriation of \$1,700, and the dog-tax. After the completion of the catalogue it would seem that a smaller annual appropriation might suffice for the needs of the library.

Respectfully submitted,

A. K. TEELE,
For the Trustees.

REPORT OF TRUSTEES OF MILTON CEMETERY.

In the course of the year embraced in this report 16 new lots have been graded and put in order, and 7 old lots have been newly graded.

There are now 35 lots properly graded and grassed, ready for any new applicants who may select them for occupancy.

A portion of the tract of vacant land on the plain directly south of the hearse-house has been, in part, made ready for lots by the blasting and removal of boulders and stones.

The hill in the rear of the receiving-tomb has been lowered, a cut of 4 feet having been made through its highest elevation, but averaging about 2 feet over a tract 25 feet deep with a frontage of 12 rods. This work was undertaken for the double purpose of improving the grade of the lots to be located there, but especially for securing a large quantity of material necessary in filling low places and in making new lots in the valley near the tool-house.

The work on avenues has been continued as follows: The westerly avenue in the old grounds, from the front wall as far as the hearse-house, 8 feet wide and 437 feet long, has been made over. Primrose path, 437 feet long and 7 feet wide, a possible and tempting passage-way for carriages, which cut up its edge

and left it in disorder, has been reduced to a foot-path. Myrtle avenue, 176 feet long, 8 feet wide; Centennial avenue, 94 feet long, 8 feet wide; Camelia path, 165 feet long, 4 feet long, have also been made anew.

Two of the old family tombs have been obliterated. The Churchill tomb has been changed into a neat lot, which can be cared for to the satisfaction of the parties interested; and the Coats tomb, an underground tomb, so called, has been filled solid and graded, under the direction of Miss E. T. L. Reed, the only known proprietor interested in the same.

A shed 18×24 feet has been built for the storage of lumber, ladders, water-cart, and tools.

The annual improvements in the cemetery add proportionally to the cost of the annual care. The lots and ornamental plats, heretofore requiring the almost constant use of two lawn-clippers, now require three. The same proportional increase in expense and labor is applicable to the whole grounds. Thus it is manifest that from year to year less of the appropriations are left to be expended in needful improvements.

The Trustees recommend the usual appropriation of \$3,500.

Respectfully submitted,

O. W. PEABODY,
A. K. TEELE,
A. L. HOLLINGSWORTH,
J. WALTER BRADLEE,
S. GANNETT.

† Resigned October, 1888.

‡ Deceased.

AUDITORS' REPORT.

The undersigned herewith present the Fifty-second Annual Report of the town of Milton. They have examined the accounts and vouchers of the various departments, and believe them to be correct. The Almshouse has been inspected, and found to be well and carefully managed.

In their financial statement they have deviated from the usual custom by showing among the liabilities of the town the unexpended balance of appropriations, also the fund for perpetual care of lots in the cemetery, thus showing the indebtedness of the town to be \$15,115.23, Jan. 1, 1889.

The difference between this and the apparent surplus of \$9,279.44, Jan. 1, 1888, may be accounted for in part by the decrease in the bank and corporation tax received from the State; said tax being \$44,400.72 in 1887, and \$37,929.53 in 1888.

JOHN P. S. CHURCHILL,
J. FRANK POPE,

Auditors.

SELECTMEN'S REPORT.

The Selectmen of Milton have the honor to submit the following Report for the year ending Dec. 31, 1888:—

POOR.

Mr. and Mrs. Wheelock have remained in the charge of the Almshouse and Farm, and, by their united efforts, this institution has been a credit to the town. The well-filled out-buildings show that labor has been performed, while the contented look of its inmates must convince all that they are thankful for your favors.

Receipts from sale of milk	\$516 11
from sale of pork	73 56
from aid	53 00
		<hr/>
		\$642 67

In the distribution of outside aid it will be seen our largest expenditures are in the insane cases.

We have aided families who are striving to get along, believing it better for all than to remove them to the Almshouse.

HIGHWAYS.

The management of all appertaining to the highways was again placed under the charge of the Selectmen, who appointed Mr. Wheelock superintendent. He has endeavored to so conduct his management that both the town and its citizens should equally be benefited.

Owing to the heavy fall of water the past season the roads have suffered, and required much repairing. The culvert on Williams avenue having broken in, a new one has been constructed of granite, $60 \times 6 \times 5$,— so now we have a permanent structure.

As many of the existing culverts in different sections of the town were damaged, they have been relaid and enlarged.

An asphalt gutter was made on Brush Hill road, which appears to meet a long-felt want.

NEW ROAD FROM EAST MILTON TO PLEASANT STREET.

The town voting to build this road, the Selectmen awarded Mr. Edward Cunningham the sum of \$2,090 for land damages and expense in removing buildings on estate at East Milton, which constituted the only damages awarded, as all the abutters released the land and all claims thereto. This road has been made under the charge of the Superintendent of Roads, the work being done by residents of the town, in a manner that, we trust, will meet your approbation. That the public appreciate it is shown by the large amount of travel thereon through this beautiful section.

Church and Eliot streets have been constructed by the town teams and men.

Guide-posts are placed and maintained as the law requires, and all are in good order. The work being performed in connection with the general highway repairs, we have not kept separate accounts of their cost.

The town has entered on an era of growth and prosperity. During the past ten years about one hundred and sixty thousand dollars have been expended by the town in the purchase of land, erection of public buildings, and making of new roads, which, together with our increasing expenditures for the necessary expenses of the town, have been accomplished with an average tax rate of five dollars and ninety cents on a thousand.

Our valuation during the same period has increased about five millions, and our corporation and bank taxes have increased from about nine thousand dollars in 1878, to forty-four thousand dollars in 1887.

The town's accessions to its valuation are not based upon the method of "marking up," but upon solid acquisitions in the form of increasing number of superior buildings, with corresponding additions to the personal estates of the town.

DISBURSEMENTS

FOR THE YEAR ENDING JANUARY 1, 1889.

SUPPORT OF SCHOOLS.

Appropriation	\$19,350 00
Expenses	19,335 10
Expenses less than appropriation	<u>\$14 90</u>
Special Appropriation for North School Building	\$11,000 00
Amount expended	3,480 25
Amount unexpended	<u>\$7,519 75</u>

The items of the Expenses for the support of schools may be examined by reference to the report of the School Committee.

FIRE DEPARTMENT.

ENGINEER'S REPORT.

MILTON, Jan. 1, 1889.

To the Honorable Board of Selectmen:—

GENTLEMEN,—The Board of Engineers herewith presents its annual report upon the condition of the department, together with a statement of the fires, and causes thereof, for the year ending December 31, 1888. We are gratified to report that no serious fire has occurred during the past year.

The promptness of the department in responding to the alarms has been marked, and resulting in controlling the fires to the buildings in which they originated. Only four buildings have been damaged to any great extent, while four more have been slightly injured.

MANUAL FORCE.

The manual force of the department consists of a Chief Engineer, with four district engineers.

PERMANENT MEMBERS.

The following comprises the permanent force of the department : One engineer in charge of the steam fire-engine, a fireman for the same, a driver for the same, a driver for the hose wagon, and a driver for the chemical engine.

CALL FORCE.

The call force of the department consists of a foreman for each of the four companies, an assistant for the same, ten truckmen, and twenty-one hosemen.

APPARATUS.

The apparatus now in the service consists of : One steam fire-engine, one chemical engine, one hook and ladder truck, one hose wagon, a hose pump, hose reels, one supply wagon, a hand engine, and an open wagon for use in the fire-alarm department.

HORSES.

There are five horses employed in the department, all of which are in excellent condition, reflecting a great deal of credit upon the drivers in charge.

HOSE.

The amount of hose in the service of the department consists of 2,400 feet, apportioned as follows : 1,000 feet of cotton, in good order ; 600 feet of cotton, in fair order ; 200 feet linen, and 600 feet of leather, not reliable.

BUILDINGS.

The buildings occupied by the department are in good condition, with the exception of the engine-house at East Milton, which is sadly in need of repair, and an outlay of several hundred dollars would be necessary to place it in proper repair.

It is the opinion of the Board that a tenement-house is necessary for the accommodation of those in permanent charge of the department, as the members when at home with their families are frequently unable to hear the alarms, owing to the distance and scarcity of tenements in that immediate neighborhood. We therefore recommend that a tenement be erected upon the town lot, to be rented by the members at a fair rate.

FIRE-ALARM DEPARTMENT.

This branch of the service continues in good order and condition, and has rendered prompt and effective service during the year.

The system at present consists of nineteen signal boxes, two tower-bell strikers, one steam whistle, one 8-in. and eight 6-in. gongs, with twenty-five miles of overhead wire.

This being all in one circuit, and covering the whole town, there is necessarily a weakness in the system, which should be remedied at once by a division of the circuit.

Under the present arrangement, if a break in the line should occur, the entire system would be useless until repaired; and the circuit covering such a distance or area, it might take hours, and possibly a day or more, before the trouble could be located, and in case of interference with the telegraph or telephone lines would cause a great deal of trouble. This, therefore, should be remedied as soon as possible, and we therefore recommend a division of the system into two or more circuits, and the purchase of a repeater.

For the maintenance and current expenses of the fire department for the ensuing year the Board would recommend an appropriation of \$7,000.

In conclusion, we desire to extend to your Honorable Board our sincere thanks for the interest at all times manifested in this department, and to the officers and members of the force for their prompt attention to duty.

Respectfully submitted,

RUFUS L. CHAPMAN, *Chief.*

GEORGE F. CHOATE, *Clerk.*

The following table shows the location of the several fires and alarms, from Jan. 1, 1888, to Dec. 31, 1888, inclusive:—

Jan. 1, box 37, at 3.10 P.M. Fire in house on Central avenue, owned and occupied by J. G. Drake. Loss on buildings and contents, \$102. Insured. Cause, set by children.

March 12, box 67, at 7.30 A.M. House on Adams street, East Milton, owned and occupied by E. H. Adams. Loss on building, \$800. Loss on contents, \$150. Cause, defective chimney.

March 25, box 43, at 7.30 A.M. Stable on Milton Hill, owned by Mrs. Francis Cunningham. Damage, trifling.

April 22, box 47, at 6 P.M. Brush fire off Brook road.

April 26, box 34, at 5.20 P.M. Hay-stack on Pleasant street, owned by Thomas Hannon.

April 26, 4.20 P.M. Brush fire on Central avenue. Chemical engine responded.

May 21, box 67, at 1.50 P.M. House on Adams street, owned by Patrick McDonald and occupied by E. H. Adams and Daniel Murphy. Loss on building, \$60. Insured. Cause, sparks from chimney.

May 23, box 36, at 1.55 P.M. Brush fire near Randolph avenue.

July 4, box 47, at 1.15 A.M. Fire at Mattapan, in the Dorchester district.

July 17 and 18. Wood fires on Blue Hill.

July 31, box 38, at 7.25 P.M. Fire in wool shops on Canton avenue, owned by G. W. Hollis and occupied by J. S. Macintosh. No damage. Cause, incendiary.

Oct. 10. Dwelling-house on Canton avenue, owned and occupied by Rev. A. K. Teele. Damage, \$17. Insured. Cause, defective fire-place.

Nov. 14, box 47, at 11.50 A.M. House at Mattapan, owned by G. H. Barry. Loss on building, \$200. Loss on contents, \$250. Cause unknown.

Nov. 17, box 35, at 8.30 P.M. House on Hillside street, owned by C. K. Hunt. No damage.

Nov. 18, box 52, at 7.20 P.M. Barn on Canton avenue, owned by L. W. Babcock. Loss trifling. Cause, incendiary.

Total loss for the year, \$1,840.

REPORT OF TRUSTEES OF PUBLIC LIBRARY.

The Public Library of Milton was opened to the citizens of the town Feb. 23, 1871, with a varied collection of 3,500 books.

A catalogue was issued at the same time and distributed to the citizens. From year to year additions have been made, until, in 1888, the Library contained 10,000 volumes. Only one-third of these appeared in the original catalogue, and the bulletins annually issued for the benefit of readers had become so numerous as to be inconvenient and of limited use; it was therefore determined by the trustees to prepare a new catalogue.

The work was placed in charge of the Messrs. E. L. Pierce and A. L. Hollingsworth, and has been prosecuted with great expedition and thoroughness.

The new catalogue is now completed; one copy of the same may be secured by each family in Milton, at the Public Library and at the East Milton Reading-room, by the payment of fifty cents. This small price has been placed on the catalogue in order to put it within reach of every family, and still to give it a nominal value with all classes.

The interest in the Library has in no degree diminished. The number of readers increases, and the character of the books taken out indicates an increasing intelligence among readers.

In preparing for the new catalogue, the Library was thoroughly examined and books of little value were disposed of, to make room for new works of standard worth and excellence.

Whole number of books in new catalogue	9,860
Books taken out during the year	12,375
Books sent to East Milton	1,500

The reading-rooms of Milton and East Milton are becoming an increasing attraction to the young people of the villages, and to citizens generally; the various periodicals, pictorial works, and books of reference on the shelves and tables furnishing the very best material for pleasant and profitable reading and study.

The Trustees have to announce that Miss Jennie E. Emerson,

our librarian, who assisted in preparing the first catalogue and took charge of the Library at its inception, after most faithful and acceptable service for eighteen years, has relinquished her charge.

The Trustees can hardly speak in terms too strong of her fidelity to the work assigned her, and of her friendly and real help to the numerous readers and patrons of the Library, and also of their own wishes for her future prosperity and happiness.

For carrying on the Library the ensuing year we recommend an appropriation of \$1,400 and the dog-tax.

Respectfully submitted,

A. K. TEELE,
For the Trustees.

E. D. WADSWORTH,
Treasurer.

REPORT OF TRUSTEES OF MILTON CEMETERY.

The Trustees of Milton Cemetery respectfully submit the following report: —

During the year 1888, 14 new lots have been taken up, and 9 old lots have been put in order.

There are now 58 lots graded and ready for occupancy.

The land near the hearse-house, spoken of in last year's report, has been graded and sown down to lots. The tract of land on the south side of the swamp, in the new section of the cemetery, has been filled to grade with soil taken from Middle avenue in the old cemetery, which has been excavated, with a part of Front avenue, parallel with Centre street, 15 inches deep, 10 feet wide.

and 475 feet in length, and filled in with coarse gravel, making a substantial road for this part of the cemetery.

The following paths, 4 feet wide, have been made:—

Hazel path	245 feet long.
Linden path (new)	260 “
Orange path	180 “
Dahlia path (new)	180 “
Clematis path	180 “

Attention has been given to the disposing of surface water from the avenues. Starting from a point on Centennial avenue, opposite the end of Holly path, an underground open drain has been constructed, partly of stone and partly of drain-pipe, leading down the hill, between the lots, taking the water from Elder, Dahlia, and Daisy paths, and crossing Centennial avenue to Brook path, to be extended as Brook path is built to the low land.

Stone gutters at the sides of avenues, on grades 425 feet in length, have been laid, which will prevent avenues from washing, and improve the general appearance.

The removal of old family tombs still goes on. Five tombs have been levelled, filled, and graded since the last report.

Applications for lots from non-residents who are in some manner connected with the town from former residence here, or who have relatives lying within the grounds, are increasing from year to year.

The price for lots to non-residents, which the town has fixed at fifty cents per square foot, is much lower than the charge at most cemeteries. If this could be raised so as to approach nearer the prices now ruling, the attention of seekers might be turned to other cemeteries, and thus the Trustees might be partially relieved of one of their most difficult and embarrassing duties.

The Trustees recommend that the Town Treasurer open a separate annual account with the Perpetual Care Fund, showing the whole amount deposited in the treasury, on account of said fund, at the present time, adding receipts from year to year, with annual payment of interest to the Trustees. This will place the fund in its true light as an indebtedness of the town to the proprietors of lots who have entered into this compact with the town.

The usual appropriation of \$3,500 is respectfully recommended.

A. K. TEELE,
For the Trustees.

AUDITORS' REPORT.

The undersigned herewith present the Fifty-third Annual Report of the Town of Milton. They have examined the accounts and vouchers of the various departments, and believe them to be correct. The almshouse has been inspected, and found to be well and carefully managed.

JOHN P. S. CHURCHILL,
J. FRANK POPE,
Auditors.

SELECTMEN'S REPORT.

The Selectmen of Milton present to the town the following statement of the expenditures for the financial year ending Dec. 31, 1889, and invite your careful consideration of the same.

In accordance with the instruction of the town, the Selectmen appointed Mr. Wheelock superintendent of roads, and an engineer has been consulted when deemed for the best interest of the town. It seems proper to state that the work of the department has not been confined to any particular locality, but has been distributed over the whole town. A careful and unprejudiced examination will show that the money has been economically and, we believe, judiciously expended.

Washington, Eaton, and Brackett streets, located in the east section of the town, have been completed in conformity with the town instruction.

The street from White to Clapp streets has been constructed.

Guide-posts are placed and maintained as the law requires, and all are in good order.

Upon the recommendation of the Board of Health the sewer through High street, which the town voted to have built, has been extended up Canton avenue, also up Randolph avenue to Hutchinson street, making about three times the distance originally intended, thereby exceeding the appropriation, which will be met in part by payment of abutters, also obviating the expense of constructing a drain, which would have had to be made to relieve a portion of this territory. The plans were obtained and the preliminary work laid out by the Health Department. The sewer was let out by contract, bids being wholly from out-of-town contractors, none of our citizens submitting bids for the work.

The Brush-hill Water Company has laid about seven miles of

pipe, locating forty-six hydrants, covering the west section of the town, and a contract has been made paying forty dollars per hydrant.

The widening of the draw at Granite bridge demonstrated that other work must be done to strengthen this structure, which we have caused to be performed, the filling being done by the teams of the Highway Department.

The almshouse and farm remain under the charge of Mr. and Mrs. Wheelock. There are five inmates at the present time, one having been sent to the insane asylum, and another died during the year.

The general condition of the farm was never so good as at this time.

Receipts from sale of milk	\$709 31
“ “ “ pork	14 46
						<hr/>
						\$723 77

We have cared for seven inmates of insane asylum and one inmate of the School for Feeble-Minded during the past year, together with the usual outside aid rendered various parties.

J. WALTER BRADLEE,
T. EDWIN RUGGLES,
J. ALBERT SIMPSON,
Selectmen of Milton.

DISBURSEMENTS

FOR THE YEAR ENDING DEC. 31, 1889.

SCHOOL DEPARTMENT.

GENERAL EXPENSES.

ENGINEER'S REPORT.

MILTON, Jan. 1, 1890.

To the Honorable Board of Selectmen:—

GENTLEMEN, — The Board of Engineers herewith presents its annual report upon the condition of the department, together with a statement of the fires, and the causes thereof as far as known, for the year ending Dec. 31, 1889.

ORGANIZATION.

The organization of the department remains unchanged, consisting of a chief and four engineers.

PERMANENT FORCE.

The permanent force of the department consists of one engineer of steamer, one driver of steamer, one driver of hose wagon, and one driver of chemical engine.

CALL FORCE.

The call force consists of one foreman of companies, four assistant foremen, twenty-nine hosemen, ten truckmen, and one fireman of steamer.

APPARATUS.

The apparatus now in service consists of one steam fire-engine, one chemical engine, one hook and ladder truck, one hose wagon, three hose reels, one hose pump, one supply wagon, one hand engine, and a wagon for the fire-alarm department.

HORSES.

There are six horses employed in the department, all of which are in good condition.

HOSE.

The hose in service of the department consists of 2,900 feet, as follows: 1,500 feet of cotton in good order, 600 feet of cotton in fair order, and 200 feet of linen and 600 feet of leather not reliable.

BUILDINGS.

The buildings belonging to the department remain the same as last reported.

FIRE-ALARM DEPARTMENT.

The efficiency of this branch of the service has been perfectly maintained throughout the year. Twelve alarms and 365 signal blows have been correctly sent out.

The system at present consists of thirty-five miles of overhead wires, in three circuits, a four-circuit repeater, twenty-five signal boxes, two tower-bell strikers, one steam whistle, one 8-inch and eight 6-inch gongs, with a battery power of 130 jars.

For the maintenance and current expenses of the department for the ensuing year, the Board would recommend an appropriation of \$7,000.

Respectfully submitted,

RUFUS L. CHAPMAN, *Chief.*

GEORGE F. CHOATE, *Clerk.*

The following table shows the location of the several fires and alarms from Jan. 1, 1889, to Jan. 1, 1890:—

Jan. 31. Box 64, at 11.35 A.M. Burning of gasoline at Mrs. J. W. Brooks', Milton Hill. No damage.

Jan. 31. Box 67, at 8.10 P.M. Building on Sheldon street, East Milton, owned by George T. Staples. Loss on building, \$35. Insured.

Feb. 2. Shed on Adams street, owned by Edward Cunningham. No damage.

Feb. 17. Box 67, at 7.35 A.M. Call to Quincy. Burning of Willard School-house.

Feb. 25. Slight fire at T. Strangman & Co.'s shop. Damage trifling.

March 14. Wood fire near Randolph avenue.

March 14. Box 47, at 1.40 P.M. Shed on Brook road, owned by John M. Forbes. Loss on building and contents, \$325; damage to stable, \$125. Cause, incendiary.

March 23. Box 47, at 1.35 P.M. Brush fire near Brush Hill road.

March 27. Box 47, at 9.05 P.M. Cause, drying plastering.

May 5. Telephone call. Brush fire, Mattapan street; chemical engine responded.

May 7. Telephone call. Brush fire near Randolph avenue; chemical engine responded.

May 4. Box 47, at 9 P.M. Dorchester district.

July 8. Box 43, at 12.05 A.M. Stable on Canton avenue, owned by Edward L. Pierce. Loss on building, \$2,500; insured. Loss on contents, \$300. Cause, incendiary.

Oct. 1. Box 48, at 5.12 A.M. Barn on Brush Hill, owned by J. Murray Howe. Loss on building, \$100. Loss on contents, \$500. Cause, unknown.

Oct. 5. Box 64, at 11.48 A.M. Dwelling-house on Milton Hill, owned by Mrs. Walter D. Brooks. Loss on building, \$150; contents, \$50. Cause, explosion of gasoline.

Dec. 8. Box 47, at 1.05 A.M. Paper-mill at Mattapan, owned by Tileston and Hollingsworth. Loss on building, \$2,000. Loss on contents, \$11,000; insured. Cause, unknown.

Dec. 9. Telephone call to paper-mill at Mattapan; chemical engine responded.

Dec. 21. Box 47, at 6.45 A.M. Barn on Thacher street, owned by Michael Gibbons. Loss on building, \$2,000; contents, \$1,000; insured. Cause, explosion of lantern.

Total loss for year, \$20,085.

MILTON FIRE-ALARM.

LOCATION OF BOXES.

- 23 — Brush Hill road and Atherton street.
- 24 — Brush Hill road and Fairmount avenue.
- 25 — Brush Hill road and Smith street.
- 31 — Pleasant and Quarry streets.
- 32 — Randolph avenue and Centre street.
- 34 — Pleasant street, opposite school-house.
- 35 — Hillside street, opposite C. L. Copeland's.
- 36 — Highland street, opposite bakehouse.
- 37 — Chemical-engine house.
- 38 — Canton avenue, opposite Mrs. O. S. Godfrey's.
- 312 — Hillside and Forest street.
- 42 — Randolph avenue and School street.
- 43 — L. Crossman's stable, Lower Mills.
- 45 — Central avenue, near Maple street.
- 47 — Blue Hill avenue and Brush Hill road, Mattapan.
- 48 — Blue Hill avenue and Robbins street.
- 51 — Canton avenue, opposite Colonel Russell's.
- 52 — Canton avenue and Robbins street.

- 53 — Blue Hill avenue, opposite school-house.
- 54 — Blue Hill avenue and Dollar lane.
- 56 — Junction Blue Hill avenue and Brush Hill road.
- 62 — Adams street, opposite C. E. Perkins, Milton Hill.
- 64 — Junction Adams, Centre, and Pleasant streets.
- 67 — Granite avenue and Adams street, East Milton.
- 68 — Granite place and Brackett street.

DIRECTIONS IN CASE OF FIRE.

Get the key to the nearest box, open and pull the lever all the way down **ONCE**, then let go and close the door.

Remain at the station, if possible, after giving an alarm, to direct the firemen to the fire.

Second alarms will be given only by one of the engineers. Citizens are earnestly requested to keep themselves informed as to the location of the keys. Signs over each box will give the desired information.

CAUTION TO PERSONS HOLDING STATION KEYS.

Never open or touch the apparatus except in case of fire.

Never sound the alarm for a fire seen at a distance unless assistance is called for.

Be reasonably sure there is a fire before sounding the alarm.

Never let the key go out of your possession, except to some responsible person to give an alarm of fire, and be sure the key is returned.

If you remove from your house or place of business, return the key to the engineers at once.

REPORT OF TRUSTEES OF PUBLIC LIBRARY.

No material changes have occurred during the year under review.

The new catalogue is highly prized by those who have studied it, as furnishing a careful and lucid compendium of the well-selected works contained in the library.

A bulletin of the new books received since the catalogue was printed will soon be issued and distributed over the town.

In addition to the custom of announcing new books by written cards set up in the library in plain sight of its patrons, the trustees will hereafter have prepared and placed within convenient access a card-catalogue of the books not included in the printed catalogue.

Under the guidance of the present librarian, the work of the library has gone on in a very satisfactory manner.

There seems to have been no diminution of interest, but rather an increase of the number of citizens who use the library and of the books taken out.

Whole number of books in catalogue	9,860
Books added during year	214
Books taken out during year	13,228
Books sent to East Milton	1,399
Daily average of books taken	60

The reading-rooms at the library and at East Milton are still appreciated by the citizens of each village, affording the best opportunities for the profitable occupation of hours of reading and study. The stairway and entrance to the East Milton room has been much improved.

It has been the policy of the book committee, since the catalogue was issued, to purchase books with the greatest care, and to introduce into the library only the choicest and best. Our space for books is limited. Even at the present rate of increase, the shelves will soon be filled; and yet it is the purpose of the trustees and of the town, as far as means will allow, to store the Public Library with the richest works in literature, history, agriculture, science, and the arts, and thus to meet the varied literary wants of the whole community.

The trustees tender thanks for books donated during the year, and for periodicals placed upon our tables.

For the year ensuing we recommend an appropriation of \$1,100 and the dog-tax.

Respectfully submitted,

A. K. TEELE,

For the Trustees.

REPORT OF TRUSTEES OF MILTON CEMETERY.

The trustees of Milton Cemetery herewith submit their annual report.

The dwelling-house at the front entrance of the cemetery has been completed, and is now occupied by the superintendent.

For this building the town granted an appropriation of \$3,000.

Plans and specifications were submitted to several builders, and the contract was awarded to John A. Tucker & Son, who were the lowest builders, for the sum of \$2,995.50, above the cellar. Subsequently the trustees thought it needful to add a shed on the end of the house, which called for an additional sum of \$177. This, with a few minor improvements unprovided for in the contract, increased the amount to \$201.33.

The house is built in a thorough and workmanlike manner, perfectly satisfactory to the trustees, and furnishes a pleasant and convenient office for the transaction of the business of the cemetery, where all papers, books, and plans are kept together, and are accessible to the trustees and others.

It also locates the superintendent of the cemetery near his work, where he can easily be found by the citizens, who so often require his attention and services.

The improvement of the land around the house has received considerable attention and outlay of labor.

The cellars of the buildings, the avenues, 320 feet in length and 10 feet wide, excavated to a solid bottom $2\frac{1}{2}$ feet below grade, and filled with 1 foot coarse gravel, 1 foot stone placed by

hand, and 6 inches of gravel on top, well raked and rolled; also, the grading and sodding, removal of trees, stumps, and stones, and the relaying of a large part of the stone wall, is the work of the cemetery.

Within the cemetery the grass plots have required almost constant attention, the season having been so wet.

Nine of the improved lots have been taken up and six old ones have been put in order.

The avenues and paths are in good condition, but care and labor are required to keep them so, and much time has been spent the last part of the year in lightly top-dressing with gravel.

The work of building lots and avenues adjacent to the swamp goes on as material comes to hand, — stone for the avenues and earth-filling for the lots.

The grading of the hill back of the receiving tomb is being extended, the loam removed, and the gravel used for avenues and paths. Stone gutters along the hillsides are being built as fast as cobblestones, which are better than granite blocks, can be procured.

Seven hundred and twenty-eight feet in length have been made the past season. Three of the old family tombs have been removed, the excavations filled with earth, the surface graded, and the bodies therein permanently interred.

The trustees recommend an appropriation of \$3,000 for the ensuing year.

Respectfully submitted,

A. K. TEELE,

For the Trustees.

BY-LAWS OF THE TOWN OF MILTON,

ADOPTED BY THE TOWN AT THE ANNUAL MEETING,
MARCH 7, 1887, AND APPROVED BY THE
SUPERIOR COURT, APRIL 27, 1887.

MEETINGS.

I. The warrants for all town-meetings shall be directed to either of the constables of the town, and the meetings shall be notified by posting attested copies of the warrant in each of the post-offices of the town fourteen days at least before the day of such meeting, and by leaving printed copies thereof at the dwelling-houses in the town.

II. The annual town meeting for the election of town officers shall be held upon the first Monday of March in each year, the polls to be open at twelve o'clock, noon; and, after the election of a moderator, they shall remain open until two o'clock in the afternoon for the election of such other town officers as are required by law to be elected by ballot; all said officers to be voted for on one ballot. At any time after two P.M. a vote may be passed to close the polls in not less than ten minutes; after the closing of the polls and the election of other town officers, the remaining articles in the warrant shall be considered.

After the declaration of the vote for town officers, eight legal voters shall be appointed by the moderator, who, together with the chairman of the selectmen, chairman of the school committee, and the officer in charge of the repairs on highways, shall constitute a committee to consider the various articles in the warrant for the town-meeting of the ensuing year, and who shall report in print before the annual

meeting their estimates and recommendations for the action of the town.

III. All motions shall, if required by the moderator, be reduced to writing before being submitted to the meeting.

IV. Upon taking the question, if the decision of the moderator is doubted, or a division of the house called for, the moderator shall request the voters to be seated, and shall appoint tellers; the question shall then be distinctly stated, and those in the affirmative and negative, respectively, shall be requested to rise and stand in their places until they are counted by the tellers, who shall carefully count each side and make report thereof to the moderator.

V. No vote shall be reconsidered at the same meeting, except upon a motion made within one hour of the adoption of such vote, or unless ordered by two-thirds of the voters present and voting thereon.

VI. When a question is under debate, no motion shall be received but to adjourn the meeting, to lie on the table, to commit or amend, to refer or to postpone to a day certain, or to postpone indefinitely; which several motions shall have precedence in the order in which they are arranged.

FINANCIAL REGULATIONS.

VII. The financial year shall begin with the first day of January.

VIII. The selectmen shall annually, not less than seven days before the annual meeting, cause to be printed and distributed among the tax-payers of the town a detailed report of all moneys received into and paid out of the town treasury during the preceding financial year, with such information and recommendations as they may deem proper, and with detailed estimates of the amounts of money which will be required for the current financial year. With this report shall be printed the reports of the auditors, of the road commissioners, and of the engineers of the fire department, the

collector's account of receipts, payments and abatements, a list of all taxes assessed, an abstract of the births, marriages, and deaths, to be furnished by the town clerk, a statement concerning the condition and funds of the public library, and of the cemetery, to be furnished by the trustees respectively, and a statement of all other funds belonging to the town or held for the benefit of its inhabitants.

IX. The assessment of taxes shall be completed, and the tax list and warrant shall be delivered to the collector on or before the first day of August in each year.

X. Poll taxes shall be paid on demand, and all other taxes assessed in each year shall be paid on or before the first day of December in the same year; and on all such taxes as shall not be paid on or before said first day of December, interest shall be charged at a rate to be fixed annually by the town, pursuant to section 67 of chapter 11 of the Public Statutes; and the collector shall use all the means and processes provided by law for the collection of all taxes remaining unpaid after the first day of December in the same year.

XI. No officer of the town shall be interested directly or indirectly in any contract, bargain, sale, agreement, or employment in which the town is interested in that department of the affairs of the town to which the duties of his office pertain; and any and all such contracts, bargains, sales, agreements, or employments shall be utterly void as to the town; but nothing in this section shall apply to the payment to any officer of his salary, or for his services for performing the duties of his office, or to any contract or agreement for such payment.

XII. The selectmen, being duly authorized by vote of the town under the limitations imposed by statute, may authorize the treasurer to borrow money temporarily in anticipation of the collection of taxes, or for loans authorized by vote of the town, and to give promissory notes therefor in behalf of the town, the same to be signed by the treasurer and countersigned by a majority of the selectmen.

XIII. No money granted for special purposes shall be applied to any other use unless by a vote of the town, and all unexpended balances of such grants shall be stated in the selectmen's annual report.

XIV. No orders shall be drawn on the treasurer for any purpose not authorized by a vote of the town or by the laws of the Commonwealth, nor shall the amount of orders drawn against any special appropriation exceed the same.

XV. No grant of a sum of money exceeding five hundred dollars shall be made until the subject-matter thereof has been considered and the estimates reported to the town either by the selectmen, the school committee, the road commissioners, or other town officers, or by some committee chosen for that purpose in pursuance of a vote of the town.

XVI. The selectmen shall have full authority, as agents of the town, to institute and prosecute suits in the name of the town, and to appear and defend suits brought against it, unless it is otherwise specially ordered by a vote of the town.

XVII. Whenever it shall be necessary to execute any deed conveying land or other instrument required to carry into effect any vote of the town, the same shall be executed by the selectmen, or a majority thereof, in behalf of the town, unless the town shall otherwise vote in any special case.

XVIII. Two auditors shall be chosen by ballot at the annual meeting, who shall have the powers and perform the duties prescribed by statute.

POLICE REGULATIONS.

XIX. Whoever, without a written license from the road commissioners or other officers having charge of the repairs of the highways, shall suffer any wood or coal, or any cart or wagon, to remain within the limits of a highway or street, or upon a sidewalk of a highway or street, so as in any manner to obstruct the travel thereon, or for more than twenty-four hours, shall forfeit and pay a sum not less than one dollar and

not more than ten dollars for each offence; and he shall be subject to a like penalty if he neglects to remove the same within the time ordered by such officers, who may revoke such license at any time.

XX. Whoever, without the written permission of the road commissioners or other town officers having charge of the repairs of the highways, shall place, or cause to be placed, in any highway or street, or upon any sidewalk thereof, any ashes, dirt, rubbish, or filth of any kind, or any animal or vegetable substance, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

XXI. Whoever shall suffer any horse, or grazing beast or swine to run at large in the town, or to feed in any highway or street, either with or without a keeper, and whoever shall drive any such animal upon and over any sidewalk, or suffer any horse to remain hitched across any sidewalk, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

XXII. Whoever shall coast upon a sled or sleds on Adams street between Churchill's lane and the line of the city of Boston, or the sidewalks thereof between those points, or on any other highway, street, or public place upon which the selectmen shall, by public notice, prohibit such coasting; and whoever shall drive, wheel, or draw any coach, cart, wheelbarrow, handcart, velocipede, bicycle, or any carriage of burden of pleasure (except children's carriages drawn by hand), or coast upon a sled, or sleds, upon any sidewalk in the town, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

XXIII. Whoever shall behave in any indecent or disorderly manner, or use profane, indecent, or insulting language in any public place, or on any sidewalk or street in the town to the annoyance or disturbance of any other person there being or passing in a peaceable manner, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

XXIV. Three or more persons shall not continue to stand or remain in a group or near to each other or any sidewalk or in any public place in such a manner as to obstruct a free passage for foot-passengers after having been requested by a constable or police-officer to move on; and any person who shall violate the provisions of this By-Law shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

XXV. Whoever shall be or remain upon any door-step, portico, or other projection from any house or building or upon any wall or fence on or near any highway, street, or public place after being requested by the occupant of the premises or by any constable or police-officer to remove therefrom, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

XXVI. Whoever shall affix, by paste or otherwise, any handbill, placard, notice, or advertisement, or paint, draw, or stamp the same or any marks or figures to or upon any sign-boards of the town, or to or upon any building, fence, wall, tree, or structure in the town, without the permission of the owner of such building, fence, wall, tree, or structure, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence; and if such handbill, placard, notice, advertisement, mark, or figure be obscene or indecent, the penalty shall not be less than twenty dollars for each offence.

XXVII. Whoever shall undertake to enter a particular drain into a common sewer, or make or cause to be made an excavation in a highway or street for any purpose, without a permit in writing from the road commissioners (or from the selectmen if there be no road commissioners), or without complying with the conditions and directions of such permit, shall forfeit and pay a sum not exceeding ten dollars.

XXVIII. Whoever shall lead or cause to be led into any highway, street, or running stream in the town any drain or pipe from any house or other building, whereby filthy water or

other unclean matter may be emptied into or upon any such highway, street, or running stream; and whoever shall throw, lead, or discharge, or cause to be thrown, led, or discharged into any highway, street, or running stream in the town any noxious or poisonous matter or substance, or any matter or substance which shall cause an offensive smell or odor, or which shall be destructive of, or injurious to, animal life, shall forfeit and pay a sum not less than five dollars nor more than twenty dollars.

XXIX. The selectmen may grant licenses to use a certain portion of any public way as a carriage-stand, under such terms and conditions as they may prescribe; and no person shall use any portion of any public way in this town as a carriage-stand for the solicitation of passengers for hire without a license from the selectmen; but licenses shall not be confined to one person to the exclusion of other applicants, and shall be granted so as to allow competition and promote public convenience.

TRUANCY.

XXX. The town of Milton hereby avails itself of the several provisions of the statutes of this Commonwealth, now in force, relating to habitual truants and absentees from school, and in pursuance of authority conferred thereby, adopts the following By-Laws:—

XXXI. All children between the ages of seven and fifteen years, residing in said town, and who may be found wandering about in the streets or public places of said town, having no lawful occupation or business, not attending school, and growing up in ignorance, shall be committed to the Plummer Farm School, Salem, for confinement, instruction, and discipline.

XXXII. Two or more truant officers shall be appointed annually, whose duty it shall be to inquire into all the violations of the truant laws and of the law relating to compulsory education, and to do all the acts required of them by the laws of the Commonwealth.

XXXIII. It shall be the duty of every truant officer, previous to making any complaint under these laws, to notify the truant or absentee from school, also his parent or guardian, of the offence committed, and of the penalty therefor; and if the truant officer can obtain satisfactory pledges for the restraint and reformation of the child, he may at his discretion forbear to prosecute, so long as such pledges are faithfully kept.

XXXIV. It shall be the duty of the school committee, the teachers of the public schools, and the citizens generally, to aid the truant officers as far as possible in the discharge of their duties.

XXXV. It shall be duty of the truant officers to keep a full record of all their official acts, and make an annual report thereof to the school committee, who shall publish the same with their own report.

XXXVI. Nothing in these By-Laws shall be so construed as to alter or impair the obligation and duty of teachers to enforce punctuality and regularity of attendance, and to preserve good order and discipline.

THE CEMETERY.

XXXVII. The sole care, superintendence, and management of the cemetery shall be intrusted to a board of five trustees to serve for the period of five years; one of said board shall retire and a new member be elected at each annual March meeting of the town.

XXXVIII. Citizens of Milton who are heads of families shall be entitled to lots in the cemetery free of expense, allowing one lot to a family, subject to the regulations adopted by the town.

XXXIX. The trustees, when in their judgment it shall be deemed advisable, may sell lots at the rate of fifty cents a square foot, but only to those who are in some way connected with Milton people.

XL. The proprietor of each lot shall cause to be erected, at his own expense, corner-stones and a step with his name and the number of the lot inscribed on the same, and shall cause his lot to be kept in proper order; and if the proprietor shall omit, for thirty days after notice, to erect such landmarks and to keep the lot in order, the trustees shall have authority to have the same done at the expense of said proprietor.

XLI. No lot shall be used for any other purpose than as a place of burial for the dead; and no proprietor shall suffer the remains of any person to be deposited within the bounds of his lot for hire; nor shall any proprietor sell or transfer the whole or any part of his lot without the consent of the trustees.

XLII. If, in the judgment of the trustees, any trees or shrubs in any lot shall become detrimental to the adjacent lots or avenues, or dangerous or inconvenient, it shall be the duty of said trustees for the time being to enter upon said lot and to remove said trees and shrubs, or such parts thereof as are thus detrimental, dangerous, or inconvenient.

XLIII. There shall be no structure nor inscription placed in, upon, nor around any lot which the trustees for the time being shall deem offensive or improper, and it shall be the duty of the trustees to remove all offensive or improper objects.

XLIV. The trustees for the time being shall have authority to purchase any tomb in Milton Cemetery offered for sale, paying for the same such sums as, in their judgment, may be fair and reasonable. They shall also be authorized to give for any tomb a lot, to be constructed on the land occupied by the tomb, or to be selected at some other point in the cemetery grounds, as they may agree with the proprietor of the same. Should there be no living proprietors or legal representatives of a tomb, the trustees may take possession of such tomb, carefully remove its contents to a lot prepared for the purpose, and erect over the remains a suitable memorial stone.

XLV. The following regulations shall be posted within the cemetery : —

1. All persons are prohibited from driving upon the borders.

2. No horse can be left upon the grounds without a keeper, unless fastened to posts provided for the purpose.

3. All persons are prohibited from discharging fire-arms within the grounds of the cemetery, except in case of military funerals.

4. All persons are prohibited from writing upon or otherwise defacing any sign, monument, fence, or other structure.

5. All persons are prohibited from gathering flowers, or breaking any tree, plant, or shrub.

6. Dogs are not allowed within the cemetery grounds.

GENERAL PROVISIONS.

XVLI. The penalty for any violation of these By-laws shall, when not otherwise provided for, be the forfeiture and payment for each offence of a fine not exceeding twenty dollars.

XLVII. Prosecutions for the breach of the provisions of the By-Laws of the town shall be commenced within six months from such breach.

XLVIII. These By-Laws may be amended at any annual town-meeting, an article having been inserted for the purpose in the warrant for such meeting, and upon the approval of these By-Laws, all By-Laws heretofore passed shall be annulled and repealed.

AUDITORS' REPORT.

The undersigned herewith present the Fifty-fourth Annual Report of the Town of Milton. They have examined the accounts and vouchers of the various departments, and believe them to be correct. The almshouse has been inspected, and found to be well and carefully managed.

JOHN P. S. CHURCHILL,
J. FRANK POPE,

Auditors.

APPOINTMENTS BY SELECTMEN.

SELECTMEN'S OFFICE, MILTON, April 4, 1890.

At the several meetings of the Selectmen, held since the Annual Town Meeting, the following appointments have been made:—

W. W. WHEELOCK and wife, Superintendent and Matron of Almshouse.

W. W. WHEELOCK, Superintendent of Streets.

JAMES H. PACKARD, Undertaker.

JOSEPH HOLMES, Sealer of Weights and Measures.

EDWIN D. WADSWORTH, Inspector of Petroleum.

A. SANBORN LITTLEFIELD, Janitor of Town Hall.

EDWIN A. HOUGHTON, Keeper of Lock-up.

WILLIAM G. SWAN, WILLARD L. JOHNSON, ALLEN D. HINDS, CHARLES F. ALDRICH, WILLIAM H. SNOW, and SAMUEL A. MORSE, Public Weighers.

GEORGE A. FLETCHER, Registrar of Voters, for three years, from May 1, 1890.

GEORGE F. CHOATE, Superintendent of Fire Alarm and all Wires.

MILTON TOWN RECORDS

FOR THE MUNICIPAL YEAR 1890-91.

ANNUAL MEETING, MARCH 3, 1890.

WARRANT.

Commonwealth of Massachusetts.

NORFOLK, SS. To ALBERT K. HUNT, one of the Constables of the Town of Milton, in said County. Greeting :

You are hereby required in the name of the Commonwealth of Massachusetts to notify and warn the inhabitants of the Town of Milton, qualified to vote in town affairs, to meet at the Town Hall in said Milton, on Monday, the third day of March next, at twelve o'clock, M., then and there to act upon the following articles, to wit : —

First, To choose a Moderator.

Second, To see if the town will vote to elect a Board of Health.

Third, To choose all necessary town officers for the ensuing year; said officers to be voted for on one ballot; polls to remain open until two o'clock, P.M.

Fourth, Shall licenses be granted for the sale of intoxicating liquors in this town? The ballot shall be "Yes" or "No," in answer to said question.

Fifth, To hear and act upon the Auditors' Report.

Sixth, To see what sum of money the town will appropriate for the support of Schools the ensuing year.

Seventh, To see what sum of money the town will appropriate for Highways the ensuing year.

Eighth, To see what sum of money the town will appropriate for the improvement of the Cemetery the ensuing year.

Ninth, To see what sum of money the town will appropriate for the Public Library the ensuing year.

Tenth, To see what sum of money the town will appropriate for the Support of Poor the ensuing year.

Eleventh, To see what sum of money the town will appropriate for the Fire Department the ensuing year.

Twelfth, To see what sum of money the town will appropriate for the Police Department the ensuing year.

Thirteenth, To see what sum of money the town will appropriate for Street Lighting the ensuing year.

Fourteenth, To see what sum of money the town will appropriate for Salaries of Town Officers the ensuing year.

Fifteenth, To see what sum of money the town will appropriate for the Town Hall and lot the ensuing year.

Sixteenth, To see what sum of money the town will appropriate for State Aid the ensuing year.

Seventeenth, To see what sum of money the town will appropriate for Printing the ensuing year.

Eighteenth, To see what sum of money the town will appropriate for Miscellaneous Expenses the ensuing year.

Nineteenth, To see if the town will vote to appropriate the sum of twenty-five hundred dollars: being the amount of the reward offered for the evidence that would lead to the arrest and conviction of the murderer of Mr. Edward Cunningham.

Twentieth, To raise such sums of money for defraying the necessary expenses of the town for the ensuing year as may be thought proper.

Twenty-first, To regulate the Jury Box.

Twenty-second, To choose a Committee of Vaccination.

Twenty-third, To authorize the Collector of Taxes to use all means of collecting the taxes which a Town Treasurer, when appointed Collector, may use.

Twenty-fourth, To fix the rate of interest on taxes unpaid, after a time fixed by the town.

Twenty-fifth, To see if the town will vote to appropriate the sum of one hundred seventy-five dollars, to be expended by

Huntington Frothingham Wolcott Post 102, G.A.R., on Memorial Day.

Twenty-sixth, To see if the town will vote to establish a Hose Company in the Brush Hill section of the town, and appropriate money to house and equip the same.

Twenty-seventh, To see if the town will vote to establish a Hose Company in the Blue Hill section of the town, and appropriate money to house and equip the same.

Twenty-eighth, To see if the town will vote to build a sidewalk on Mattapan street, from Brook road to Canton avenue, and appropriate money for the same.

Twenty-ninth, To see if the town will accept the first nine sections of Chapter 51 of the Public Statutes, said chapter being entitled, "Of Betterments and other Assessments on account of the cost of Public Improvements."

Thirtieth, To see if the town will direct the Board of Health, or the Selectmen acting as a Board of Health, to make such regulations under the authority given to said Board by Public Statutes, Chapter 80, Sections 18 and 84, as shall prohibit the exposure or use, within the town limits, for any purpose whatever, of any swill, garbage, offal, or night-soil, brought from any other city or town; and to publish such regulations in the "Milton News."

Thirty-first, To see if the town will instruct the Selectmen to offer a reward of ten dollars for information that in each and every case will lead to the fining of any person for breaking any regulation of the Board of Health in regard to swill, offal, garbage, or night-soil, and will instruct the Board of Health to retain legal counsel and prosecute every offender, and appropriate money for the same.

Thirty-second, To see if the town will order that the Auditors' Report shall in future contain a printed record of all votes passed by the town at any town-meeting held since the report of the previous year was printed.

Thirty-third, To see if the town will vote to concrete the gutters on Hayward's Hill, at the Blue Hills, and appropriate money for the same.

Thirty-fourth, To hear and act upon the reports of Committees,

Thirty-fifth, To see what the town will vote to do as to Fire Insurance on town property.

Thirty-sixth, To see if the town will appropriate the sum of twenty-five hundred dollars for the completion of the upper room of the Mattapan School-house, and the making of changes and repairs incidental thereto.

Thirty-seventh, To see if the town will authorize the erection of two or more horse-sheds at the new Centre School.

Thirty-eighth, To see if the town will vote to locate a set of hay scales, in the Pine Tree Brook District, and appropriate money for the same.

Thirty-ninth, To see if the town will purchase and equip a Hook and Ladder truck, to be located in the centre of the town, and appropriate money for the same.

Forty, To see if the town, by authority of Section 66, Chapter 49, of the Public Statutes, on the petition of William H. Kennedy, executor and trustee under the will of the late Susan W. Clark, will take measures for the discontinuances of a way claimed by George S. Ferry over the land of the late Susan W. Clark, from the Brush Hill road, across her front yard to land of said Ferry.

Forty-first, To see if the town will vote to build a town road from Thacher to Clapp street, a distance of 261 feet, over land of G. W. Morton, and appropriate money for the same.

Forty-second, To see if the town will vote to authorize the sale of the land on Blue Hill avenue, Mattapan, bought for a gravel pit.

Forty-third, To see if the town will vote to authorize a contract for electric lights in street lighting.

And you are directed to serve this warrant by distributing printed copies hereof at the dwelling-houses of the inhabitants of said Town of Milton, fourteen days at least before the time set for said meeting, and by posting up like copies in the post-offices.

Hereof fail not, and make due return of this Warrant with your doings thereon to the Town Clerk, at the time and place of said meeting.

Given under our hands at Milton, this seventh day of February, A.D. 1890.

J. WALTER BRADLEE,
T. EDWIN RUGGLES,
J. ALBERT SIMPSON,

Selectmen of Milton.

NORFOLK, SS.

MILTON, Feb. 10, 1890.

Pursuant to the within Warrant to me directed, I have notified and warned the inhabitants of the Town of Milton as herein directed to meet at the time and place and for the purposes therein set forth, by distributing printed copies of the within Warrant at the dwelling-houses in said town, and by posting copies thereof at the several post-offices, fourteen days previous to said meeting.

ALBERT K. HUNT,
Constable of Milton.

SUPPLEMENTARY WARRANT.

MARCH MEETING.

Commonwealth of Massachusetts.

NORFOLK, ss. To Albert K. Hunt, one of the Constables of the Town of Milton, in said County. Greeting:

You are hereby required in the name of the Commonwealth of Massachusetts to notify and warn the inhabitants of the Town of Milton, qualified to vote in town affairs, to meet at the Town Hall in said Milton, on Monday, the third day of March next, at 12 o'clock M., then and there to act upon the following articles, to wit: —

Forty-four, To see if the town will vote to place a Fire-alarm Bell on the Mattapan School-house, and appropriate money for the same.

Forty-fifth, To see if the town will instruct the Trustees of the Cemetery to set aside and define boundaries of a portion of the Cemetery for the use of the Catholics, and appropriate money for the same.

Forty-sixth, To see if the town will provide transportation for East Milton pupils to and from the High School.

And you are directed to serve this Warrant by posting up printed copies in the post-offices of the town fourteen days before said meeting, and by distributing like copies at the dwelling-houses of the inhabitants of said Town of Milton.

Hereof fail not, and make due return of this Warrant with your doings thereon to the Town Clerk, at the time and place of said meeting.

Given under our hands at Milton, this fourteenth day of February, A.D. 1890.

J. WALTER BRADLEE,
T. EDWIN RUGGLES,
J. ALBERT SIMPSON,
Selectmen of Milton.

NORFOLK, SS.

MILTON, Feb. 17, 1890.

By virtue of the foregoing Warrant, I have notified and warned the inhabitants of the Town of Milton as within directed, by posting up copies of this Warrant fourteen days before said meeting, and by distributing printed copies at the dwelling-houses in said town.

ALBERT K. HUNT,
Constable of Milton.

At a meeting of the inhabitants of the Town of Milton, held according to the foregoing Warrants, upon

MARCH 3, 1890,

the following proceedings were had upon the several articles in said Warrants, namely: —

ARTICLE 1. Hon. Edward L. Pierce was chosen Moderator.

J. Walter Bradlee, T. Edwin Ruggles, J. Albert Simpson, Chas. E. Churchill, and H. Clifford Gallagher were appointed tellers, to receive, sort, and count votes for the various Town Officers, and were sworn by the Town Clerk.

ART. 2. *Voted*, To elect a Board of Health, to consist of three members.

Voted, To proceed to ballot for the following Town Officers, viz.: Three Selectmen, Assessors, Overseers of Poor, and Surveyors of Highways; a Town Clerk, a Town Treasurer, two members of School Committee, seventeen Constables, a Col-

lector of Taxes, two Auditors, three Members of Board of Health, three Trustees of Public Library, a Trustee of Cemetery, and one Pound-keeper, all to be voted for on one ballot.

At 2 o'clock and 2 minutes, *Voted*, That the polls for Town Officers be closed in ten minutes.

ART. 3. J. Walter Bradlee, T. Edwin Ruggles, and J. Albert Simpson were chosen Selectmen, Assessors, Overseers of Poor, and Surveyors of Highways, and were sworn by the Moderator in open town-meeting.

Henry B. Martin was chosen Town Clerk, and sworn by the Moderator in open town-meeting.

Joseph Holmes was chosen Town Treasurer, and sworn by the Moderator in open town-meeting.

Felix Rackemann and Henry B. Martin were chosen School Committee for three years.

John H. Emerson was chosen Collector of Taxes.

The following Constables were chosen: Maurice Pierce, George A. Harned, Edwin A. Houghton, John Leary, Peleg Bronsdon, Peter McIntyre, James Wigley, James D. Davenport, Stephen Walsh, William Cunningham, John O'Callaghan, Robert Langan, Benjamin R. Sloan, Calvin H. Sanford, Albert K. Hunt, Tappan Egan, and Charles Mitchell, all of whom were sworn by the Moderator in open meeting, except Edwin A. Houghton who was absent, and Charles Mitchell, who declined to serve.

J. P. S. Churchill and J. Frank Pope were chosen Auditors.

H. P. Jaques, M.D., M. V. Pierce, M.D., and Nathan Godfrey were chosen a Board of Health.

Rev. A. K. Teele, A. L. Hollingsworth, Rev. F. Frothingham were chosen Trustees of Public Library for three years.

Oliver W. Peabody was chosen Trustee of Cemetery for five years.

Fred E. Sanford was chosen Pound-keeper.

Cicero Cutting, Henry W. Vose, and Walter T. Cook were chosen Fence-Viewers.

John H. Burt and Nathan Godfrey were chosen Surveyors of Lumber.

James H. Packard and Walter T. Cook were chosen Measurers of Wood and Bark.

John Welch, James E. Bronsdon, C. Henry Lawton, and Luther A. Ford were chosen Field-Drivers.

ART. 4. *Voted*, That no license be granted for the sale of intoxicating liquor in this town, the ballot being as follows: "Yes," 11 votes; "No," 226 votes.

ART. 5. The report of the Auditors, presented and read by J. P. S. Churchill, was as follows:—

"The Auditors elected at the last annual town-meeting respectfully report, that they have attended to the duties assigned them, and have, according to usual custom, reported in print, copies of their said report having been distributed to all families in the town.

"In addition to the report submitted, they would beg leave to offer for adoption by the town the following recommendations:—

"That the Town Treasurer be authorized, with the sanction and approval of the Selectmen, to borrow such sums of money as may be necessary for town use, in anticipation of the taxes of the year 1890; and that all sums so borrowed be made specifically payable from the taxes of the present year, 1890.

"(Signed)

JOHN P. S. CHURCHILL,

J. FRANK POPE,

Auditors."

Voted, To accept the report of the Auditors, and that the recommendations by them submitted be adopted by the town, and that the sum of three thousand dollars be appropriated for interest upon the town debt.

ART. 6. *Voted*, To appropriate the sum of twenty-two thousand six hundred and fifty dollars for the support of

Schools the ensuing year; and the further sum of four thousand eight hundred and $\frac{78}{100}$ dollars for the purpose of meeting the deficiency of 1889.

ART. 7. *Voted*, To appropriate the sum of twenty thousand dollars for highway expenditures the ensuing year; and the further sum of three thousand ninety-nine and $\frac{94}{100}$ dollars for the purpose of meeting the deficiency of 1889.

ART. 8. *Voted*, To appropriate the sum of three thousand dollars for the care and improvement of the Cemetery the ensuing year.

ART. 9. *Voted*, To appropriate the sum of eleven hundred dollars, and also the money received for dog licenses, for the Public Library the ensuing year.

ART. 10. *Voted*, To appropriate the sum of five thousand five hundred dollars for the support of Poor the ensuing year.

ART. 11. *Voted*, To appropriate the sum of nine thousand dollars for the expenses of the Fire Department the ensuing year, one thousand eight hundred and fifty dollars of said above-named sum being for hydrant service; it was also

Voted, To appropriate the further sum of one thousand three hundred eight and $\frac{9}{100}$ dollars, to meet the deficiency of 1889.

ART 12. *Voted*, To appropriate the sum of ten thousand dollars for the expenses of the Police Department the ensuing year, and the further sum of seven thousand five hundred fifty-six and $\frac{9}{100}$ dollars, for the purpose of meeting the deficiency of 1889.

ART. 13. and ART. 43. *Voted*, To take up articles 13th and 43d in conjunction.

Voted, To appropriate the sum of five thousand five hundred dollars for Street-Lighting the ensuing year, said amount to be placed in the hands of the Selectmen, and a committee of four to be appointed by the Chair, to expend said amount in such manner as they deem proper; no contract to exceed one year.

Committee appointed: Capt. E. D. Wadsworth, Ellerton P. Whitney, William B. Weston, Henry E. Sheldon.

ART. 14. *Voted*, To appropriate the sum of three thousand six hundred and fifty dollars for Salaries of the various Town Officers the ensuing year.

ART. 15. *Voted*, To appropriate the sum of one thousand dollars for expenditures at Town Hall and adjacent surroundings the ensuing year.

ART. 16. *Voted*, To appropriate the sum of seven hundred and fifty dollars to be expended for the payment of State Aid the ensuing year.

ART. 17. *Voted*, To appropriate the sum of five hundred dollars for expenditures for Printing the ensuing year.

ART. 18. *Voted*, To appropriate the sum of one thousand dollars to be expended for miscellaneous expenses the ensuing year; and the further sum of twelve thousand five hundred seventy-three and $\frac{54}{100}$ dollars, for meeting deficiencies (for which no appropriation was made) in 1889.

ART. 19. *Voted*, To appropriate the sum of twenty-five hundred dollars, being the amount of the reward offered for the murderer of the late Edward Cunningham, to be expended as therein set forth.

ART. 20. *Voted*, That the sum of one hundred five thousand four hundred dollars (\$105,400) be appropriated for defraying the necessary expenses of the town the ensuing year.

ART. 21. *Voted*, That the following list of jurors presented by the Selectmen be accepted by the town, to wit: —

Ezekiel B. Andrews,
Charles E. C. Breck,
Albert A. Brackett,
George H. Bent,
Daniel G. Corliss,
Caleb L. Cunningham,
John W. Denny,
Richard L. Drew,
Thomas Edwards,
John L. Esau,

Albert S. Ferry,
George K. Gannett,
John Graham,
Alexander Hobbs,
Edwin W. Hunt,
Albert K. Hunt,
Joseph Holmes,
George J. Leeds,
Cornelius Lynes,
John S. Mackintosh,

Henry B. Martin,
 Timothy W. Melley,
 Peter McIntyre,
 George W. Nickerson,
 J. Frank Pope,
 Robert L. Pond,
 Thomas L. Pearce,
 T. Edwin Ruggles,
 Sylvanus Simmons,
 John Shields,

Isaac Shute,
 William H. Sias,
 Arthur H. Tucker,
 Henry F. Thayer,
 T. Beaumont Townsend,
 Herbert B. Tucker,
 Henry W. Vose,
 J. Sumner Webb,
 William Wood,
 John H. Watson.

ART. 22. *Voted*, That the Board of Health be a Committee on Vaccination.

ART. 23. *Voted*, That the Collector of Taxes have authority to use the same means in the collection of taxes which a town treasurer can when elected collector.

ART. 24. *Voted*, That upon all taxes unpaid after December 1st, interest be charged at the rate of six per cent.

ART. 25. *Voted*, To appropriate the sum of one hundred seventy-five dollars, to be expended by Post 102, G.A.R., on Memorial Day.

Voted, To take up Articles 26 and 27 in conjunction.

ART. 26 and ART. 27. *Voted*, That the sum of fifteen hundred dollars be appropriated to be expended in the purchase of a hose carriage and hose for the common use and protection against fire of that portion of the town known as the Blue Hill and Brush Hill Districts.

ART. 28. *Voted*, To appropriate the sum of three thousand dollars, to be expended in the discretion of the Surveyors of Highways for the improvement of Mattapan street.

ART. 29. *Voted*, To accept the first nine sections of Chapter 51 of the Public Statutes, said chapter being entitled "Of Betterments and other Assessments on account of the cost of Public Improvements."

ART. 30 and ART. 31. *Voted*, That the Board of Health be authorized and instructed to make such regulations and

take such action as shall secure the stringent enforcement of the laws of the Commonwealth in the premises, with authority to employ a Health Officer.

ART. 32. *Voted*, That the Auditors' Report shall, in the future, contain a printed record of all votes passed by the town at any town-meeting held since the report of the previous year was printed.

ART. 33. *Voted*, That the subject-matter of this article be referred to the Surveyors of Highways, to take such action as they may deem proper.

ART. 34. *Voted*, To indefinitely postpone.

ART. 35. *Voted*, That the sum of five hundred dollars be appropriated to be expended by the Selectmen in the reinsurance of all town property in stock companies.

ART. 36. *Voted*, To appropriate the sum of twenty-five hundred dollars for the completion of the upper room of the Mattapan School building and the changes and repairs incidental thereto.

ART. 37. *Voted*, That authority be given to erect two or more horse-sheds at the new Centre School grounds.

ART. 38. *Voted*, That the sum of six hundred dollars be appropriated for the locating of a set of hay scales, in the Pine Tree Brook District, with instructions to the Selectmen not to cut down the tree at the junction of Harland street and Canton avenue.

ART. 39. *Voted*, That the sum of twenty-five hundred dollars be appropriated for the purchase and equipment of a hook and ladder truck, to be located in the centre of the town, in steamer-house.

ART. 40. *Voted*, To indefinitely postpone.

ART. 41. *Voted*, To indefinitely postpone.

ART. 42. *Voted*, That authority be given for the sale of the land on Blue Hill avenue, Mattapan, bought by the town for a gravel pit; provided, that the sale be by auction, and the sum realized not less than five hundred dollars.

ART. 43. *Voted*, See Article 13.

ART. 44. *Voted*, To indefinitely postpone.

ART. 45. *Voted*, To indefinitely postpone.

ART. 46. *Voted*, That the sum of six hundred dollars be appropriated, to be expended under the direction of the School Committee, for the purpose of providing transportation for East Milton pupils to and from the High School.

Voted, To dissolve the meeting.

A true record.

Attest :

HENRY B. MARTIN,

Town Clerk.

WARRANT COMMITTEE, 1891.

The following were a committee appointed by the Moderator at the foregoing meeting to take into consideration the various articles in the Warrant for the March meeting of 1891, as per Section 2 of the By-Laws, to wit : —

JOSEPH C. WHITNEY,

E. D. WADSWORTH,

CHARLES MITCHELL,

EDWARD C. PERKINS,

WALTER P. BECK,

SPECIAL MEETING, JULY 30, 1890.

WARRANT.

Commonwealth of Massachusetts.

NORFOLK, SS. To either of the Constables of the Town of Milton. Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Milton, qualified to vote in town affairs, to meet at the Town Hall in said Milton on Wednesday, the 30th day of July, present, at eight o'clock P.M., then and there to act upon the following articles, to wit:—

First, To choose a Moderator.

Second, To see if the town will consent to and ratify the purchase and consolidation by the Milton Water Company of and with the Brush Hill Water Company, in accordance with the provisions of Chapter 388, of the Acts of the year 1889, approved June 3, 1889.

Third, To see if the town will authorize and empower its Selectmen to dispose of, by sale or otherwise, its lot on the northerly side of Brook road, heretofore used as a gravel pit, and containing about one acre.

Fourth, To see if the town will ratify and confirm the recent action of its Selectmen and School Committee cancelling for the sum of one hundred dollars, the lease of the old Centre School land.

And you are directed to serve this Warrant by distributing printed copies hereof at the dwelling-houses of the inhabitants of said Town of Milton, fourteen days before the time set for said meeting, and by posting up copies in the post-offices in the town.

Hereof fail not, and make due return of this Warrant with your doings thereon, to the Town Clerk, at the time and place of said meeting aforesaid.

Given under our hands at Milton, this eleventh day of July, A.D. 1890.

J. WALTER BRADLEE,
T. EDWIN RUGGLES,
J. ALBERT SIMPSON,
Selectmen of Milton.

NORFOLK, SS.

JULY 15, 1890.

Pursuant to the foregoing Warrant, I have notified and warned the inhabitants of said Town of Milton, as required, by posting up printed copies in the several post-offices of the town, and by distributing like copies at the dwelling-houses fourteen days before said meeting.

ALBERT K. HUNT,
Constable of Milton.

At a meeting of the inhabitants of the town of Milton, held according to the foregoing Warrant, upon

JULY 30, 1890,

the following proceedings were had upon the several articles in said Warrant, namely:—

ARTICLE 1. J. Walter Bradlee, Esq., was chosen Moderator.

ART. 2. *Voted*, Unanimously, that the purchase, sale, and consolidation of Milton Water Company with Brush Hill Water Company is hereby ratified, consented to, made valid, and authorized by the town of Milton, in pursuance of the provisions of Chapter 388, Acts of 1889.

ART. 3. *Voted*, That the Selectmen be, and they hereby

are, authorized and empowered to dispose of, by sale at auction, of the lot on the northerly side of Brook road, belonging to the town, heretofore used as a gravel pit, and containing about one acre, more or less.

ART. 4. *Voted*, That the recent action of the Selectmen and School Committee, cancelling, for the sum of one hundred dollars, the lease of the old Centre School land, be and the same is hereby, ratified and confirmed.

Voted, To dissolve the meeting.

A true record.

Attest :

HENRY B. MARTIN,
Town Clerk.

NOVEMBER MEETING.

GENERAL ELECTION, NOVEMBER 4, 1890.

WARRANT.

Commonwealth of Massachusetts.

NORFOLK, SS. To either of the Constables of the Town of Milton. Greeting :

In the name of the Commonwealth of Massachusetts you are required to notify and warn the inhabitants of the Town of Milton, qualified to vote in elections, to meet at the Town Hall in Milton, on Tuesday, the fourth day of November next, at seven o'clock in the forenoon, then and there to bring in their ballots for a Representative in Congress from the Third Congressional District of Massachusetts ; a Governor, Lieutenant-Governor, Secretary, Treasurer, Auditor, Attorney-General of this Commonwealth ; Councillor for the Second District ; a District-Attorney for the South-eastern District, to fill vacancy caused by the death of C. H. Sumner ; also, a County Commissioner for Norfolk County ; Senator for the First Norfolk District ; Representative to General Court for the Fourth Norfolk Representative District ; also, to vote on the following articles of amendment to constitution, viz. : —

“No person otherwise qualified to vote in elections for governor, lieutenant-governor, senators or representatives, shall by reason of a change of residence within the Commonwealth be disqualified from voting for said officers in the city or town from which he has removed his residence, until the expiration of six calendar months from the time of such removal.”

“No person having served in the army or navy of the United States in the time of war, and having been honorably

discharged from service, shall be disqualified from voting on account of receiving or having received aid from any city or town, or because of non-payment of a poll tax."

And every person qualified to express his opinion on one or both of said articles of amendment will be provided with a ballot upon which the following words will be printed: —

"Amendment to the constitution, to prevent the disfranchisement of voters because of a change of residence within the Commonwealth — Yes. No.

"Amendment to the constitution relative to soldiers and sailors exercising the right of franchise — Yes. No."

All to be voted for on one ballot, — polls to close at four o'clock P.M., and you are to warn said inhabitants, qualified as aforesaid, to meet at the time and place, and for the purposes therein mentioned, by posting copies of this Warrant in the post-offices of the said town, and distributing printed copies at the dwelling-houses seven days before the time set for said meeting.

Hereof fail not, and make return of this Warrant, with your doings thereon, to the Town Clerk at or before the time of said meeting.

Given under our hands at Milton, this twenty-third day of October, A.D. 1890.

J. WALTER BRADLEE,
T. EDWIN RUGGLES,
J. ALBERT SIMPSON,

Selectmen of Milton.

NORFOLK, SS.

OCTOBER 27, 1890.

By virtue hereof, I have notified and warned the inhabitants of the Town of Milton, by posting copies in the post-offices, and distributing printed copies at the dwelling-houses in said town, as within required.

JAMES D. DAVENPORT,
Constable of Milton.

At a meeting of the inhabitants of the Town of Milton, held according to a Warrant of which the foregoing is a copy, upon

NOVEMBER 4, 1890,

the following number of votes were given in for the several persons hereinafter named, for the respective offices specified below, namely : —

For Governor.

JOHN BLACKMER, of Springfield, sixteen votes.

JOHN Q. A. BRACKETT, of Arlington, three hundred votes.

WILLIAM E. RUSSELL, of Cambridge, two hundred sixty-six votes.

For Lieutenant-Governor.

JOHN W. CORCORAN, of Clinton, two hundred thirty-nine votes.

WILLIAM H. HAILE, of Springfield, three hundred thirteen votes.

GEORGE KEMPTON, of Sharon, nine votes.

For Secretary of State.

GEORGE D. CRITTENDEN, of Buckland, fifteen votes.

ELBRIDGE CUSHMAN, of Lakeville, two hundred twenty votes.

WILLIAM M. OLIN, of Boston, three hundred fourteen votes.

For Treasurer and Receiver-General.

WILLIAM H. GLEASON, of Boston, eleven votes.

GEORGE A. MARDEN, of Lowell, three hundred twenty-two votes.

EDWIN L. MUNN, of Holyoke, two hundred twelve votes.

For Auditor.

CHARLES R. LADD, of Springfield, two hundred sixty-six votes.

AUGUSTUS R. SMITH, of Lee, eighteen votes.

WILLIAM D. T. TREFRY, of Marblehead, two hundred fourteen votes.

For Attorney-General.

WOLCOTT HAMLIN, of Amherst, nineteen votes.

ELISHA B. MAYNARD, of Springfield, two hundred fifteen votes.

ALBERT E. PILLSBURY, of Boston, three hundred eleven votes.

For Representative in Congress.

JOHN F. ANDREW, of Boston, two hundred sixty-seven votes.

JOHN W. FIELD, of Boston, five votes.

EDWARD L. PIERCE, of Milton, three hundred five votes.

For Councillor (2d Council District).

CHARLES T. DUNCKLEE, of Brookline, two hundred eleven votes.

CHARLES L. SMITH, of Norwood, seventeen votes.

ARTHUR W. TUFTS, of Boston, two hundred ninety-eight votes.

For County Commissioner.

JOSHUA B. HANNERS, of Walpole, twelve votes.

WILLIAM H. WHITE, of Brookline, two hundred eighteen votes.

GEORGE W. WIGGIN, of Franklin, two hundred ninety-four votes.

For District Attorney (South Eastern District).

HARVEY H. PRATT, of Abington, two hundred thirty-one votes.

ALONZO B. WENTWORTH, of Dedham, two hundred eighty-nine votes.

For Senator (1st Norfolk District).

JACOB F. DIZER, of Weymouth, sixteen votes.

WILLIAM N. EATON, of Quincy, two hundred fifty-two votes.

WILLARD F. GLEASON, of Holbrook, two hundred sixty-six votes.

For Representative to General Court (4th Norfolk District).

JESSE FENNO, of Canton, two hundred seventy-four votes.

AUGUSTUS HEMENWAY, of Canton, two hundred sixty-seven votes. -

The vote upon the amendment to the constitution, "to prevent the disfranchisement of voters because of change of residence," was as follows: Yes, 269; No, 89.

The vote upon the amendment to the constitution "relative to soldiers and sailors exercising the right of franchise," was as follows: Yes, 243; No, 93.

All the above votes were duly sorted, counted, declared, and recorded, sealed up in open town-meeting, and delivered to the Town Clerk.

At the meeting aforesaid, Maurice Duffy, Democrat, and H. Clifford Gallagher, Republican, officiated as Inspectors, and John Graham, Republican, and John H. Watson, Democrat, as Deputy Inspectors, all under appointment of the Selectmen; Messrs. Duffy, Graham, and Watson being duly sworn by J. W. Bradlee, Esq., and Mr. Gallagher by the Town Clerk.

The Selectmen also appointed as tellers for said meeting, Messrs. Walter P. Beck, Democrat, and George A. Fletcher and George L. Haynes, Republicans, who were sworn by J. W. Bradlee, Esq.

At 8 o'clock and 5 minutes P.M.,

Voted, That the meeting be dissolved.

A true record.

Attest:

HENRY B. MARTIN,

Town Clerk.

FOURTH NORFOLK REPRESENTATIVE DISTRICT.

We, the undersigned Town Clerks of the towns of Canton and Milton, comprising Representative District Number Four in the Country of Norfolk, hereby certify : —

That at an election duly held in said towns on the fourth day of November, A.D. 1890, for a candidate to represent said district at the next General Court, the following number of votes were given in for the several persons hereinafter named, to wit : —

For AUGUSTUS HEMENWAY, of Canton, seven hundred twenty votes.

For JESSE FENNO, of Canton, five hundred thirty-four votes.

Given under our hands at Canton, this fourteenth day of November, A.D. 1890.

GERALD A. HEALY,
HENRY B. MARTIN,
Town Clerks of Canton and Milton.

SELECTMEN'S REPORT.

The Selectmen of Milton herewith present the Fifty-fourth Annual Report of the expenditures for the financial year ending Dec. 31, 1890.

The Almshouse and farm continue under the management of Mr. and Mrs. Wheelock. There are eight inmates being cared for. Hot-water heating apparatus has been put into the house, giving a better heat, and costing much less to run.

The management here is such that both the inmates and the town are well cared for.

We are supporting six inmates of insane asylums, and two inmates of the Feeble-minded School, also aiding others in their homes or among friends, coal being furnished worthy widows who are not blessed with all the comforts of home.

Highways.—Mr. W. W. Wheelock continues as Superintendent of Roads. Much work has been done the past year, and of a permanent character.

A broken stone road has been built from Union square to the Brook upon Adams street, having a drain in centre four feet wide by three feet deep filled with rough stone with outlets at intervals. A road-bed of crushed stone, thoroughly rolled and being packed with stone screenings, heavily rolled, making a most solid surface, which has stood the test of the very heaviest teaming in town.

A like piece of road has been constructed on Milton Hill from Churchill lane to Hutchinson road.

Central avenue, long needing permanent repairs, it was decided to wait until the water-pipes were laid, when it was treated in similar manner.

While the first expense of these roads are heavy, we consider their construction in certain localities desirable.

Many thousand loads of stone have been used at the crusher and in the rough. We have had men at work in getting out material for crushing from the lot adjoining, and find it economical for the town. The road-bed of Brush Hill road required raising, as the laying of the water-pipes caused the surface-water to run in the centre of road. This has been done, and a suitable crown given, making a road that must be appreciated by all who drive in this section of the town.

The intention has been not to neglect any locality, and men and teams have been employed in repairing and keeping the roads free from stones. In the construction of roads, as well as caring for those already made, it has been necessary to use large quantities of water, so that it became desirable to purchase another sprinkling cart, which has done good service.

Mattapan street, from Brook road to the Myers estate, has been trenched and filled with rough stone; crushed stone placed the width of road-bed, solidly rolled and packed with stone screenings, the old material taken out and being used in making a sidewalk the entire distance. A coat of crushed stone was given the street from Brook road to Mill lane, so that now from Boston line a solid, permanent road is found.

Being offered a gravel pit on Squantum street for very much less than its value, we have purchased the same.

POLICE DEPARTMENT.

This force was reorganized last May by the appointment of a superintendent and deputy, with nine men in the several sections of the town, together with keeper of lock-up. A Police Alarm Service has been constructed with thirteen boxes located so as to protect all parts of town.

Headquarters were established at the centre of the town in steamer-house, where the superintendent or deputy can be found at all times.

A horse and wagon were bought for the use of this department, and accommodation provided for their keeping. This was done upon recommendation of a committee consisting of Messrs. H. S. Russell, Samuel Gannett, J. Malcolm Forbes, H. P. Jaques, Walter P. Beck, and Walter T. Cook, appointed at a meeting of the citizens held to consider the best action to be taken by the town for better protection.

We feel confident that our citizens approve the action, as we are a suburban community, and should protect our people and property from the lawless. Your attention is called to the report of the Superintendent for the work of the department.

The Town Hall has been put in thorough repair. The chimneys were found to be in a dangerous condition, and have in part been relaid and put in perfect order. The entire wood-work and inside of hall has been painted, polished, and oiled.

We would call attention of the citizens who are the owners of stock in banks and corporations in Massachusetts to the importance of notifying said companies of their residence, thereby having the tax thereon directly credited to Milton, saving much time of the assessors in examining the returns of all corporations, and making and proving our claims.

J. WALTER BRADLEE,

T. EDWIN RUGGLES,

J. ALBERT SIMPSON,

Selectmen of Milton.

DISBURSEMENTS

FOR THE YEAR ENDING DEC. 31, 1890.

SCHOOL DEPARTMENT.

POLICE DEPARTMENT, MILTON, Jan. 1, 1891.

To the Honorable Board of Selectmen: —

GENTLEMEN, — The Superintendent of Police herewith presents his report from May 7, 1890, when the Police Department was made permanent, to Jan. 1, 1891.

PERMANENT FORCE.

The permanent force consists of a Superintendent, Deputy Superintendent, Lock-up Keeper, and nine night patrolmen.

SPECIAL DUTY.

The night patrolmen with three specials have been on duty Sundays, from June to November, on account of the travel from Boston on the horse cars which has caused a great many complaints.

PROPERTY.

The property of the department consists of two horses, one single harness, democrat wagon, two horse blankets, one carriage-robe, desk, and chair.

POLICE TELEPHONE.

The police telephone was put through the town, and completed May 7. Thirteen boxes have been placed in the several sections of the town. Keys have been furnished the night patrolmen, with orders to telephone headquarters four times during the night. Have also furnished keys to citizens in the vicinity of the boxes, which has been a benefit to them, and has given far better police service than could be had without them. The Police telephone has given good service, and worked satisfactorily.

LOCATION OF POLICE BOXES.

- 1 — Lower Mills, corner Eliot and Adams streets.
- 2 — Mattapan, junction Brush Hill road and Blue Hill ave.
- 3 — Corner Randolph avenue and Centre street.
- 4 — Canton avenue, near Blue Hill Market.
- 5 — Brush Hill road, corner Robbins street.
- 6 — Junction of Milton street and Brush Hill road.
- 7 — Canton avenue and Brush Hill road.
- 8 — Corner Randolph avenue and Pleasant street.
- 9 — Central avenue, corner Eliot street.
- 10 — Union square.
- 11 — Near East Milton depot.
- 12 — Hillside street, corner Harland street.
- 13 — Adams street, near J. M. Forbes avenue.

PATROLMEN.

The patrolmen have been uniformed, numbered, and furnished with badges, which have been paid for by them. They have reported from the boxes on their routes regularly at eight and eleven P.M., two and four o'clock A.M.

Printed rules and regulations have been given to each man. The men have obeyed the rules, and all calls for duty have been promptly and cheerfully responded to.

HEADQUARTERS.

The Superintendent recommends the removal of the office from its present location to some building where it could be separate and alone. As it is now we cannot do any private business over our telephone, or with any citizen that comes here, and Police Headquarters ought to be in the business portion of the town, and near where prisoners are confined. Its removal to the Lock-up at Lower Mills can be done at small expense. A time-book has been kept and record made of the exact time that the men have reported during the night, and record of everything that is reported to Headquarters.

ARRESTS FROM MAY 7, 1890, TO JAN. 1, 1891.

ENGINEER'S REPORT.

MILTON, Jan. 1, 1891.

To the Honorable Board of Selectmen:—

GENTLEMEN,—The Board of Engineers herewith presents its annual report upon the condition of the Fire Department, together with such recommendations as seem called for at the present time. A statement of the fires, and causes of the same, as far as known, for the year ending Dec. 31, 1890, is also included.

The introduction of water during the past year into a large part of the town has greatly increased the efficiency of the department, and insures vastly better fire protection.

An agreement has been made with the Fire Commissioners of Boston to have Engine No. 16 and Ladder No. 6, of the Boston Department, respond to alarms of fire in Milton from the following boxes: Box 4, at the Chocolate Mills; Box 43, at the Village, and Box 45 at Central avenue.

In return, the Milton engine is to be moved to the house of Engine 16, to give protection to the Dorchester District in case of large fires in Boston calling out the whole of their department.

A new hose company of six members has been organized in the Blue Hill District and provided with a hose wagon, 500 feet of hose, and all other necessary equipment. The name of this company is Hose 4.

EXECUTIVE OFFICERS.

The executive organization of the department remains unchanged, consisting of a chief and four assistant engineers.

PERMANENT FORCE.

The permanent force of the department consists of a superintendent of the fire-alarm system, who also has the charge of the police telephone system, one engineer of steamer, one driver of steamer, one driver of hose wagon, and one driver of chemical engine.

CALL FORCE.

The call force consists of 51 members, distributed as follows: —

Engine and Hose 1	15 men.
Hose 2	8 "
Ninety's Hose	5 "
Hose 4	6 "
Hook and Ladder 1	12 "
Chemical Engine	5 "

APPARATUS.

The apparatus now in service consists of one steam fire-engine, one chemical engine, one hook and ladder truck, two hose wagons, three hose reels, one hose pump, one supply wagon, one hand-engine, and a wagon for the Fire Alarm Department.

A new ladder truck is being built for the department at the present time, and will be delivered about Feb. 10, 1891.

HORSES.

There are eight horses employed in the department, all of which are in good condition. Two of these have been recently bought to be used on the steamer during this winter, giving it a four-horse team, and for use on the new ladder-truck, when that piece of apparatus is put into commission.

HOSE.

The hose in the department's service consists of 2,600 feet, as follows: 2,000 feet of cotton, rubber-lined, in good order; 600 feet of cotton, in fair order. During the past year it has been necessary to discard 200 feet of linen and 600 feet of leather hose, as no longer reliable or fit for use. The best of this has been loaned to the Street Department for its use. It will be necessary to buy 1,500 feet of new hose this year, as at present the supply of hose is altogether inadequate.

BUILDING.

Hose 4's house has been added to the list of department buildings during the past year.

All buildings in the department are in good repair except the hose-house in East Milton, which is slowly going to decay. It has not been thought advisable to try to repair it, as any money so spent would be wasted. It must eventually be rebuilt, as a modern hose wagon and suitable house to keep it in will soon be required for this section.

FIRE ALARM DEPARTMENT.

The efficiency of this branch of the service has been perfectly maintained throughout the year.

There has been 26 alarms of fire during the year, as follows: 18 bell alarms, 7 telephone alarms, and one still alarm.

A private signal-box in the Chocolate Mills and an 18-inch gong at Hose 4's house have been added to the system during the year.

The system at present consists of thirty-five miles of overhead wires in three circuits, a four-circuit repeater, twenty-six signal-boxes, two tower bell strikers, one steam whistle, one 18-inch, one 8-inch, and seven 6-inch gongs, with a battery power of 130 jars. There are several places where fire-alarm boxes are urgently needed.

The excellent 1,800-lb. bell on the Town Hall is so closed in and its sound so smothered that it can only be heard a very short distance. This bell should be placed in an open belfry built on to the tower of the engine-house. It could then be heard over the greater portion of the town.

It will be necessary this year to put electric cut-outs on all gong-bells set, to protect them from the danger of being burned out by electric-light wires coming in contact with fire-alarm wires. Rather than increase the number of large bells, it is desirable that small, inexpensive gongs should be placed in the houses of members of the department when practicable, that they may receive alarms with accuracy and certainty.

NEW LADDER TRUCK.

At the last annual town-meeting the town voted to buy a new ladder-truck, which has been done. This Board, while recognizing the desirability of having a modern ladder-truck, opposed its purchase, as it felt that the town was not ready to increase the expense that the purchase and maintenance of a new ladder-truck entailed; but now that it has been purchased, this Board hopes that means will be provided to at once put it into commission.

To keep this truck in the present steam fire-engine house, together with apparatus already there, is wholly out of the question, as the house is not large enough. In the winter it is necessary at all times to have three and part of the time four horses to use on the steam fire-engine; it will also be

necessary to use three horses on this truck in the winter; these, together with the two horses for the hose-wagon, make eight or nine horses; and as there are but six stalls in the present engine-house, there would be no room for the extra horses.¹ It is necessary, too, to have both the hose-wagon and the hose-pung on the engine-house floor during the winter; also plenty of room to hitch up the steamer's four-horse team; so that not only is there no room in the stable for the horses, but there is no room on the floor for the truck. In order to provide a suitable place in which to keep the truck, it will be necessary to build a one-story addition on the western side and the full length of the present engine-house.

For the maintenance and current expenses of the department for the ensuing year, the Board would recommend an appropriation of . . .	\$8,500 00
for new hose	900 00
extension and improvement of Fire-alarm System	1,500 00
building for hook and ladder truck	<u>3,000 00</u>

Respectfully submitted,

R. L. CHAPMAN, *Chief.*

GEO. F. CHOATE, *Clerk.*

The following table shows the location of the several fires and alarms from Jan. 1, 1890, to Jan. 1, 1891:—

Jan. 1. Box 37, at 4.45 A.M. Dwelling-house on Thacher street, owned and occupied by James Hickey. Damage to building and contents, \$312. Insured. Cause, defective chimney.

Jan. 19. Box 42, at 5.05 P.M. Dwelling-house on School street, owned by J. H. Burt. Damage, trifling. Cause, defective chimney.

¹ The extra horses used by the department during the winter belong to the Street Department.

Feb. 16. Box 64, at 3.45 P.M. Grass fire on the Brooks farm, Centre st.

April 3. Box 45, at 11.45 A.M. Grass fire on Eliot street.

April 11. Box 47, at 4.40 P.M. Brush fire, near Brook road.

April 16. Box 34, at 11.55 A.M. Brush fire, near Pleasant street.

April 16. Box 31, at 3.25 P.M. Brush fire, near Pleasant street.

May 1. Box 48, at 4.45, and box 24, at 5.05 A.M. Barn on Brush Hill road, owned and occupied by Geo. S. Ferry. Loss on buildings, \$2,830. Loss on contents, \$3,500. Insured. Cause, supposed explosion of lantern.

May 12. Box 48, at 2.05 P.M. Burning of hay at Geo. S. Ferry's, Brush Hill.

June 30. Box 52, at 1.40 P.M. Chimney fire at house of John A. Tucker, Canton avenue.

July 5. Box 47, at 12.25 A.M. Machine and carpenter shop at Mattapan, owned by Tileston & Hollingsworth. Loss on building, \$1,000. Loss on contents, \$4,000. Insured. Supposed to have caught from fireworks.

July 14. Telephone call. Grass fire at Mattapan.

Aug. 5. Box 37, at 9 35 P.M. Dwelling-house on Clapp street, owned by G. W. Morton. Damage trifling. Cause, explosion of oil-stove.

Aug. 15. Box 67, at 3.55 P.M. Burning of gasoline and shed near Granite avenue, East Milton, owned by the Globe Gas-Light Co. Loss on shed and contents, \$250. Cause, spark from locomotive.

Aug. 17. Telephone call. Brush fire on Thacher street.

Aug. 31. Call to dwelling-house of Miss Eager on Thacher street. Damage trifling. Cause, chimney fire.

Sept. 3. Telephone call to dwelling-house of W. R. Emerson on Randolph avenue. No damage. Cause, chimney fire.

Nov. 1. Box 47, at 7.15 P.M. Barn on Brook road,

owned by J. M. Forbes, and occupied by Geo. A. Harned. Loss on building, \$700. Loss on contents, \$1,350. Insured. Cause unknown.

Nov. 2. Telephone call. Burning hay at Forbes fire.

Nov. 8. Telephone call. Chimney fire at J. Malcolm Forbes' house, Milton Hill. No damage.

Nov. 26. Box 45, at 3.25 P.M. Brush fire on Central avenue.

Dec. 2. Box 67, at 7.05 A.M. Burning accident at house of Mrs. Orin Bates, East Milton.

Dec. 18. Box 67, at 6.44 A.M. Chimney fire dwelling-house on Bryant avenue, East Milton, owned by Miss Brokenshire.

Total loss for year, \$13,942.

MILTON FIRE-ALARM.

LOCATION OF BOXES.

- 4 — Chocolate Mills (Private).
- 23 — Brush Hill road and Atherton street.
- 24 — Brush Hill road and Fairmount avenue.
- 25 — Brush Hill road and Smith road.
- 31 — Pleasant and Quarry streets.
- 32 — Randolph avenue and Centre street.
- 34 — Pleasant street, opposite school-house.
- 35 — Hillside street, opposite C. L. Copeland's.
- 36 — Highland street, opposite bake-house.
- 37 — Chemical engine-house.
- 38 — Canton avenue, opposite Mrs. O. S. Godfrey's.
- 312 — Hillside and Forest streets.
- 42 — Randolph avenue and School street.
- 43 — L. Crossman's stable, Lower Mills.
- 45 — Central avenue, near Maple street.
- 47 — Blue Hill avenue and Brush Hill road, Mattapan.
- 48 — Blue Hill avenue and Robbins street.
- 51 — Canton avenue, opposite Colonel Russell's.
- 52 — Canton avenue and Robbins street.

- 53 — Blue Hill avenue, opposite school-house.
 54 — Blue Hill avenue and Dollar lane.
 56 — Junction Blue Hill avenue and Brush Hill road.
 62 — Adams street, opposite C. E. Perkins', Milton Hill.
 64 — Junction Adams, Centre, and Pleasant streets.
 67 — Granite avenue and Adams street, East Millon.
 68 — Granite place and Brackett street.

DIRECTIONS IN CASE OF FIRE.

Get the key to the nearest box, open, and pull the lever all the way down *once*, then let go and close the door.

Remain at the station, if possible, after giving an alarm, to direct the firemen to the fire.

Second alarms will be given only by one of the engineers.

Citizens are earnestly requested to keep themselves informed as to the location of the keys. Signs over each box will give the desired information.

CAUTION TO PERSONS HOLDING STATION KEYS.

Never open or touch the apparatus except in case of fire.

Never sound the alarm for a fire seen at a distance unless assistance is called for.

Be reasonably sure there is a fire before sounding the alarm.

Never let the key go out of your possession, except to some responsible person to give an alarm of fire, and be sure the key is returned.

If you remove from your house or place of business, return the key to the engineers at once.

REPORT OF TRUSTEES OF MILTON CEMETERY.

Citizens who only occasionally visit the cemetery will hardly understand the work which is going on there from the beginning to the end of the year.

In the earlier years of the enterprise, it was easy to find, within a reasonable distance outside of our borders, loam, gravel, and stone with which to grade lots, and to ballast and build up solid and enduring paths and avenues. But all this needful and indispensable material must now be secured within the limits of the cemetery grounds.

During the year, the work of reducing to grade the ground in the rear of the receiving-tomb, which has been in progress for two years or more, has been completed. By this work the whole tract has been brought into proper grade, and a large amount of gravel underlying the surface-soil, but chiefly from Anemone avenue adjoining, and also a great quantity of loam, have been furnished for avenues and paths in other places.

So, in securing needful stone. Bowlders, seen and unseen, embedded in the grounds designed for burial, have been excavated, and blasted, and removed, to serve for the foundations of avenues and paths. Not less than three thousand tons have been secured, mostly within the year.

The burial lots would be greatly injured were these bowlders left within their borders; and the avenues would be imperfect and unsatisfactory without this solid ground-work.

This work must go on from year to year until the whole tract has been thoroughly examined and reclaimed.

We herewith present abstracts from the annual report of the Superintendent to the Trustees, showing the labors and results of the year: —

- January and February. — About four hundred tons of stone were taken out of the swamp to be used in making Brook avenue, which crosses it.
- March. — Removed the loam from the tract between Acanthus and Anemone paths, and filled with gravel to within one foot of top of grade; the filling was three feet in depth for the greater portion; it was obtained by taking gravel from Anemone path, widened out to Anemone avenue of eighteen feet.
- April. — Rebuilt Centennial avenue from the Brook to Oak avenue. It was widened and straightened and excavated to the depth of twenty inches, and then filled with stone and gravel.
- May. — All the avenues and paths were put in the best of order. Flower-beds were prepared for setting of plants. Plants, shrubs, and trees were trimmed and dug around. Clipping of lots was commenced and continued through the season, requiring two machines constantly, and three most of the time.
- June. — Took down the Elijah Vose tomb and filled the same, grading it up to surrounding levels. Mowing all over the grounds. Three hedges removed from lots in old grounds, the lots graded and grassed at the expense of the cemetery.
- July. — General care of grounds and avenues. Improving tract front of Hearse House.
- August. — Taking out stone and placing them in avenues. Building horse-sheds near stable.
- September. — Levelled the Myers tomb, filled and sodded the same. Mowed the entire grounds the second time. Completed the tract back of receiving-tomb.
- October. — Took down hedge on Poole and Rand lots, and put the lots in order. Levelled and filled the David Sumner tomb. This required eight feet of filling. To get the filling took up seventy-five feet of the avenue in front, and rebuilt the same.
- November. — Excavated and removed bowlders from front lawn, preparatory for lots. Many of these underground, and very large. Cleared the cemetery of leaves.
- December. — Placed stone in Brook avenue. This is laid out eighteen feet wide; to bring it up to grade the stones are three feet deep. The foundation-stones are laid for about six hundred feet in

length. It is designed to finish this avenue for travel in the spring, and in favorable weather during the winter stone will be made ready for this purpose.

Sixteen new lots have been taken during the year, and seven old lots have been renewed and improved.

The Trustees recommend an appropriation of \$3,000 for the ensuing year.

Respectfully submitted,

A. K. TEELE,

For the Trustees.

REPORT OF THE TRUSTEES OF THE PUBLIC LIBRARY.

For another year the Public Library has quietly and unobtrusively continued to fill its place of usefulness in the life of the town.

The Trustees deeply regret the loss of their associate, the late Cyrus Brewer, who died April 10, 1890. He was elected at the annual town-meeting in 1888, and was a regular attendant at the meetings of the Trustees till his health failed. Before his election he had taken much interest in the welfare of the Library, and had his life been spared he would have been most efficient in the management of its affairs. By his death the Trustees have lost a valued associate, and the community a man of high character and a useful citizen.

Were frequent remarks of commendation and a noticeable absence of complaints, from those who use the Library most frequently, the only means the Trustees had of forming an opinion of its condition, they would feel called upon to pronounce it perfect. They are well aware, however, that they must be continually on the alert if they wish it to maintain the high standard that they have endeavored to establish for it; and as their wish is to constantly increase its usefulness, they are always ready and glad to give consideration to any suggestions that may be brought to their notice by those who use the Library, and are interested in seeing it in the most efficient working order that its present circumstances admit.

The policy of the Trustees in adding new books has con-

tinued as previously. Books of permanent value are bought rather than the light fiction of the day and the many volumes of literary trash that have merely a passing popularity to recommend them. Fiction is by no means excluded, however; but in adding books of that class, those are selected that have claims to literary merit rather than those that are better known, because they are freely advertised, and because for a few weeks many copies are sold at newspaper stands and on railroad trains. All books that have been bought have been paid for from the Vose fund. The town appropriation has been used to defray the other necessary expenses of conducting the Library. Mr. Augustus Hemenway, of Canton, has sent the Treasurer two hundred dollars for its use, and by a provision of the will of the late J. Huntington Wolcott, in the event of certain contingencies, that it is extremely improbable will ever occur, it would become one of the beneficiaries of a trust fund created by his will.

The card catalogue which was begun a year ago, and which contains an index of all books added since the printed catalogue was issued in 1888, has been but little used as yet. This is easily understood when it is remembered that the printed catalogue and bulletin of additions to 1890 contain in a convenient form an index of all books except those added during the past year. It will be after a few years, when several annual bulletins have been issued and reference to them becomes a somewhat complicated matter, that the card catalogue will be most serviceable and become indispensable to those who use the Library much.

The bulletin of books added during the past year will soon be in print and ready for distribution.

The number of volumes on our shelves a year ago, was 10,074

A few volumes that have been worn out by much use have been replaced.

The number of volumes added in the past year has been, 275

The total of all volumes on our shelves at the present time is 10,349

A glance at the alcoves and the reading-room, with reference to future possibilities of more book-room, will satisfy any one of an inquiring turn of mind, that with the addition of a few hundred more volumes we shall be badly hampered for lack of space. Yet it will doubtless be possible for us to continue in our present quarters for several years, by adding new books judiciously, and if necessary discarding books that experience shows are not called for.

The number of volumes taken from the Library	
during the year, exclusive of those sent to	
East Milton, has been	13,766

An increase of 538 over the previous year.

The number of volumes sent to East Milton has been	
exactly the same number as was sent the pre-	
vious year	1,399

The total of all volumes taken from the Library	—
during the year has been	<u>15,165</u>

There have been 597 cards in use, most of them almost constantly.

The reading-rooms at the Library and at East Milton continue to be fully appreciated by those who have the opportunity and inclination to enjoy the privileges of them. At the former, besides the perusal of the periodicals and many books taken from the shelves, the books of reference have been much consulted; while at the latter the well-worn look of the periodicals is a good indication of their frequent use.

During the past year there have been on the tables at the Library reading-room the "North American Review," "Forum," "Popular Science," "Atlantic Monthly," "Century," "Scribner's," "Harper's," "Dedham Historical Register," "St. Nicholas," "Nation," "Literary World," "Musical Herald," "London News," "Graphic," "Harper's Weekly," "Bazaar," and "Young People," "American Athlete," "Traveller's Record," "Punch," "Spectator," "Our Dumb Animals," and daily

papers. These have all been continued for the present year, and to them have been added the "Scientific American" and "New England Magazine."

At the East Milton reading-room, there have been the "North American Review," "Scientific American," "Atlantic Monthly," "Century," Harper's "Monthly," "Weekly," "Bazaar," and "Young People," "New England Magazine," "American Agriculturist," "Dress," "Good Housekeeping," "St. Nicholas," "Wide Awake," "Chatterbox," "Youth's Companion," and daily papers.

At East Milton, too, besides the regular Library cards in use and included in those already mentioned, about seventy-five cards have been issued from the reading-room there and used by those living in the neighborhood to borrow back numbers and bound volumes of periodicals from that reading-room.

The citizens of the town are to be congratulated on having so good a library and one so available in their possession. Because its circumstances are somewhat circumscribed, they do not prevent ready access to an excellent collection of books. And while some of our towns-people may live to see the time when the town or some public-spirited citizen will build a building for the exclusive use of the Library, and the number of volumes will become double or treble the number now owned, it is scarcely possible that such a library would prove itself as much of a blessing to the town of that day as the present one is to town of to-day. But to come back to more practical and less visionary matters, the Trustees ask for an appropriation of \$1,000 and the dog tax for the ensuing year.

Respectfully submitted for the Trustees,

JOSEPH C. WHITNEY.
